Proposal: First floor side extension

Location: 14 Chadderton Drive, Bury, BL9 8NL

Description

The property is a semi detached house. It has a front garden mostly surfaced for parking and has been extended single storey at the side and rear. To the rear is a fenced garden which backs on to the rear gardens to 43 & 45 Randale Drive. The neighbouring property to the side of the development is 12 Chadderton Drive and is extended single storey at the side and rear.

The application proposes a first floor extension at the side. It would be set back 1.31m from the front elevation and run for 8.9m of which 2.7m would project beyond the rear elevation for 2.7m across. It would form an additional bedroom.

Relevant Planning History

46730 - Single storey extension at side - AC 18/08/06.

Publicity

Surrounding neighbours were notified by letter and no responses have been received.

Statutory/Non-Statutory Consultations

None.

Pre-start Conditions - Not relevant.

Unitary Development Plan and Policies

H2/3 Extensions and Alterations

SPD6 Supplementary Planning Document 6: Alterations & Extensions

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;
The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual amenity and design - The proposed first floor would be built to within 0.19m of the side boundary. With the first floor front set back 1.31m terracing would not be an issue. The roof would be pitched and set below the existing ridge forming a side gable wall and the front ground floor would have a canopy to match that to the main front elevation. To the rear the deeper section, where past the rear elevation, would be dual pitched roof. Materials would be brickwork and tiles to match.

The proposal is considered acceptable and in keeping with the existing property and would not have a detrimental impact on the visual amenity of the area.

Parking - The proposal would increase the number of bedrooms from 3 to 4 and SPD6 requires parking spaces as set out in SPD 11 Parking Standards to be considered. This can then require the proposal to provide a maximum of 3 parking spaces. The site as existing has a drive at the front with parking for 2 cars. The area has on street parking and there is also public transport available. In this instance then the parking arrangements are considered sufficient.

Residential amenity - The proposed first floor would run as blank wall along the side to No.12 which is also blank to its side wall. This neighbouring property is extended single storey at the rear and therefore the section of the proposal that projects past its rear elevation would be effectively as single storey to single storey and at 2.7m would project less than 3m from the first floor to No.12.

To the rear there would be a distance in excess of 7m from the proposed first floor

bedroom window to the boundary.

There would then be no serious impact on the amenity of any adjacent neighbouring properties.

The proposal complies with UDP Policy H2/3 and SPD6 - Alterations and Extensions to Residential Properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered 14CD/10/A and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
