

NOTICE OF OUTLINE PLANNING PERMISSION

Town and Country Planning Act 1990 Town and Country Planning (Development Management Procedure) (England) Order 2015

To:

Kate Grimshaw
KG Planning Ltd
26 Andrew Lane
Bolton
BL1 7JQ

On Behalf Of:

Mrs Gavin
100 Bury New Road
Radcliffe
Bolton
BL2 6QB

PART 1 - Particulars of Application

Application Number: 69254

Date of Registration: 18/01/2023

Proposal:

Outline application for erection of 2 no. detached dwellings with details of access, layout and scale (appearance and landscaping matters reserved)

Location:

Land adjacent to 100 Bury New Road, Radcliffe, Bolton, BL2 6QB

PART 2 - Particulars of Decision

Bury Metropolitan Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that permission has been **GRANTED** for the carrying out of the development referred to in Part 1 hereof in accordance with the application and plans submitted subject to the following conditions:-

- 1 Applications for approval of reserved matters must be made not later than:
 - the expiration of three years beginning with the date of the grant of outline planning permission; and
 - that the development to which the permission relates must be begun not later than the expiration of two years from the final approval of the reserved matters or, in the case of approval on different dates, the final approval of the last such matter to be approved.

Reason. Required to be imposed pursuant to Section 51 of the Planning and Compulsory Purchase Act 2004
- 2 Before the development is commenced, the applicant shall submit detailed plans and particulars to the Local Planning Authority, and obtain their approval under the Town and Country Planning Acts, of the following reserved matters; appearance and the landscaping of the site.

Reason. To ensure the satisfactory development of the site and because this application is in outline only.
- 3 This decision relates to drawings numbered 01 A, 02 B, 03 A and MMG.TS.01 and the development shall not be carried out except in accordance with the drawings hereby approved.

Reason. For the avoidance of doubt and to ensure a satisfactory standard of

design pursuant to the policies of the Bury Unitary Development Plan listed.

- 4 The proposed dwellinghouses shall be no higher than the adjacent property at 100 Bury New Road as indicated in streetscene elevation plan 03 A.
Reason. In the interests of visual amenity pursuant to the NPPF and UDP Policies EN1/2 Townscape and Built Design.
- 5 The following highway aspects shown indicatively on approved plan reference 02 Revision B shall be submitted on a topographical survey of the site and adjacent adopted highways at first reserved matters application stage:
 - Vehicular access arrangements to both dwellings utilising the existing access to the westerly dwelling and existing shared access to the easterly dwelling from Bury New Road;
 - Provision of 2.4m x 59m visibility splays at each junction with Bury New Road and adequate visibility at the back edge of the footway, with no obstructions above the height of 0.6m within them and on land within the applicant's control;
 - Provision of turning facilities within the curtilage of each dwelling in order to enable vehicles to enter and leave each hardstanding, including that of No. 100 Bury New Road, in a forward gear;
 - Hardstandings in porous/permeable materials and/or measures to prevent the discharge of surface water onto the adopted highway, incorporating the demarcation of the limits of the adopted highway;
 - Provision of bin storage arrangements within the curtilage of each dwelling in accordance with Waste Management's 'Guide to Refuse Collection Requirements & Storage Methods for New Developments'.
 - Provision of parking facilities within the curtilage of each dwelling in accordance with the maximum standards in SPD 11 - Parking Standards in Bury.

The details subsequently approved shall be implemented before the dwellings are first occupied.

Reason. To ensure good highway design, the intervisibility of the users of the site and the adjacent highways, adequate off street car parking provision, adequate bin storage arrangements clear of the adopted highway and to minimise the standing and turning movements of vehicles on the highway, all in the interests of road safety and pursuant to the NPPF and UDP Policies H2/2 The Layout of New Residential Development, HT6/2 - Pedestrian/Vehicular Conflict and EN1/2 - Townscape and Built Design.

- 6 No development shall commence unless and until a 'Construction Traffic Management Plan' (CTMP), has been submitted to and agreed in writing with the Local Planning Authority and shall confirm/provide the following:
 - Photographic dilapidation survey of the footways and carriageways abutting the site in the event that subsequent remedial works are required following construction of the development and as a result of statutory undertakers connections to the site;
 - Access route for all vehicles to the site from the Key Route Network and any temporary works required to facilitate access for ground works/construction vehicles;
 - If proposed, details of site hoarding/gate positions clear of required visibility splays onto Bury New Road;
 - The provision, where necessary, of temporary pedestrian facilities/protection measures on the adopted highway;
 - A scheme of appropriate warning/construction traffic speed signage in the vicinity

- of the site and its access onto Bury New Road;
- Confirmation of hours of operation and number of vehicle movements;
- Arrangements for the turning and manoeuvring of vehicles within the curtilage of the site and/or measures to control/manage delivery vehicle manoeuvres;
- Parking on site or on land within the applicant's control of operatives' and construction vehicles, together with storage on site of construction materials;
- Measures to ensure that all mud and other loose materials are not spread onto the adjacent adopted highways as a result of the groundworks operations or carried on the wheels and chassis of any vehicles leaving the site and measures to minimise dust nuisance caused by the operations.

The approved plan shall be adhered to throughout the construction period and the measures shall be retained and facilities used for the intended purpose for the duration of the construction period. The areas identified shall not be used for any other purposes other than the turning/parking of vehicles and storage of construction materials. All highway remedial works identified as a result of the dilapidation survey shall be implemented prior to the development hereby approved being brought into use.

Reason. Information not submitted at application stage. To mitigate the impact of the construction traffic generated by the proposed development on the adjacent residential streets, and ensure adequate off street car parking provision and materials storage arrangements for the duration of the construction period and that the adopted highways are kept free of deposited material from the ground works operations, in the interests of highway safety pursuant to Bury Unitary Development Plan Policies EN1/2 - Townscape and Built Design and HT6/2 - Pedestrian/Vehicular Conflict.

- 7 No development shall commence unless and until:-
- A contaminated land Preliminary Risk Assessment report to assess the actual/potential contamination and/or ground gas/landfill gas risks at the site shall be submitted to, and approved in writing by, the Local Planning Authority;
 - Where actual/potential contamination and/or ground gas/landfill gas risks have been identified, detailed site investigation and suitable risk assessment shall be submitted to, and approved in writing by the Local Planning Authority;
 - Where remediation/protection measures is/are required, a detailed Remediation Strategy shall be submitted to, and approved in writing by, the Local Planning Authority.

Reason. The scheme does not provide full details of the actual contamination and subsequent remediation, which is required to secure the satisfactory development of the site in terms of human health, controlled waters, ground gas and the wider environment and pursuant to National Planning Policy Framework Section 15 - Conserving and enhancing the natural environment.

- 8 Following the provisions of Condition 7 of this planning permission, where remediation is required, the approved Remediation Strategy must be carried out to the satisfaction of the Local Planning Authority within agreed timescales; and A Site Verification Report detailing the actions taken and conclusions at each stage of the remediation works, including substantiating evidence, shall be submitted to and approved in writing by the Local Planning Authority prior to the development being brought into use.

Reason. To secure the satisfactory development of the site in terms of human health, controlled waters and the wider environment and pursuant to National Planning Policy Framework Section 15 - Conserving and enhancing the natural environment.

- 9 Prior to the commencement of development, details relating to the proposed areas of hardstanding and all boundary treatment for the site shall be submitted to and approved in writing by the Local Planning Authority. The approved details only shall be implemented as part of the approved development.
Reason - To secure the satisfactory development of the site and in the interests of the visual amenities of the area pursuant to Policy EN1/2 Townscape and Built Design of Bury Unitary Development Plan.
- 10 Notwithstanding the terms of the Town and Country Planning (General Permitted Development) (England) Order 2015, as subsequently amended, no development shall be carried out within the terms of Classes A to G of Part 1 of Schedule 2 of the Order, without the submission and approval of a relevant planning application.
Reason. To ensure that future inappropriate alterations or extensions do not occur pursuant to policies of the Unitary Development Plan listed.
- 11 No development shall commence unless and until surface water drainage proposals have been submitted to and approved in writing by the Local Planning Authority. The scheme should be in accordance with the submitted Surface Water Sustainable Drainage Assessment and must be based on the hierarchy of drainage options in the National Planning Practice Guidance and be designed in accordance with the Non-Statutory Technical Standards for Sustainable Drainage Systems (March 2015). This must include assessment of potential SuDS options for surface water drainage with appropriate calculations and test results to support the chosen solution. Details of proposed maintenance arrangements should also be provided. The approved scheme only shall be implemented prior to first occupation and thereafter maintained.
Reason. The current application contains insufficient information regarding the proposed drainage scheme to fully assess the impact. To promote sustainable development and reduce flood risk pursuant to Unitary Development Plan Policies EN5/1- New Development and Flood Risk , EN7/3 - Water Pollution and EN7/5 - Waste Water Management and chapter 14 - Meeting the challenge of climate change, flooding and coastal change of the NPPF.
- 12 Foul and surface water shall be drained on separate systems. Surface water shall be drained in accordance with the hierarchy of drainage options in national planning practice guidance. In the event of surface water discharging to public sewer, the rate of discharge shall be restricted to the lowest possible rate which shall be agreed with the statutory undertaker prior to connection to the public sewer.
Reason: To secure proper drainage and to manage the risk of flooding and pollution pursuant to Unitary Development Plan Policies EN5/1- New Development and Flood Risk , EN7/3 - Water Pollution and EN7/5 - Waste Water Management and chapter 14 - Meeting the challenge of climate change, flooding and coastal change of the NPPF.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The Local Planning Authority worked positively and proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

The following policies of the Bury Unitary Development Plan, National and Regional Government were considered relevant:

OL1/2	OL1/2 - New Buildings in the Green Belt
H1/2	H1/2 - Further Housing Development
H2/1	H2/1 - The Form of New Residential Development
H2/2	H2/2 - The Layout of New Residential Development
HT2/4	HT2/4 - Car Parking and New Development
HT2/1	HT2/1 - The Strategic Route Network
HT6/2	HT6/2 - Pedestrian/Vehicular Conflict
EN1/2	EN1/2 - Townscape and Built Design
EN1/1	EN1/1 - Visual Amenity
EN5/1	EN5/1 - New Development and Flood Risk
EN7	EN7 - Pollution Control
NPPF	National Planning Policy Framework
SPD11	Development Control Policy Guidance Note 11 - Parking Standards in Bury
SPD16	Development Control Policy Guidance Note 16 - Design and Layout of New Development in Bury
SPD8	Development Control Policy Guidance Note 8 - New Buildings and Associated Development in the Green Belt
SPD6	Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.

This decision relates only to the Town and Country Planning Acts and does not include any consent or approval under any other enactment or under the Building Regulations. Any other consent or approval which is necessary must be obtained from the appropriate authority.

Applicant Plan Numbers:

01 A, 02 B, 03 A and MMG.TS.01

NOTES TO APPLICANT

1. The applicant's attention is drawn to the need to consult the Department of Operations regarding the specification for and implementation of any required highway remedial works. The cost of the works will be the responsibility of the developer.
2. The Council currently operates a curtilage system of refuse collection. The applicant is advised to liaise with Waste Management, Bradley Fold Depot on 0161 253 6621/7010, regarding the operation of this system.
3. **INFORMATIVE - The Control of Noise (Appeals) Regulations 1975, Section 60. Control of Noise on Construction Sites**

Works carried out in connection with the planning permission shall comply with the above regulations which require the following:

1. All works and ancillary operations which are audible at the boundary of the nearest house or noise receptor, or at such other place as may be agreed with the Council, shall be carried out only between the hours of 0800 and 1800 on Mondays to Fridays and between the hours of 0900 and 1400 on Saturdays and at no time on Sundays and Bank Holidays.
2. The best practicable means, as defined in section 72 of the Control of Pollution Act 1974, to reduce noise to a minimum shall be employed at all times.

3. All plant and machinery in use shall be properly silenced and maintained in accordance with the manufacturer's instructions.

4. Any emergency deviation from the above (1 - 3) shall be notified to Bury Council without delay.

Any contravention of these requirements will trigger the serving of a Notice under Section 60 of The Control of Noise Regulations 1975.

4. Bury Council has been identified by DEFRA as an area requiring to significantly improve air quality. The required measures to do this are currently under discussion. Due to this requirement, and the requirements of the new building regulations (The Building Regulations 2010, Approved Document S, Infrastructure for the charging of electric vehicles), please supply details of the proposed provision for electric vehicle charging.
