5th November 2024

Location: **115 Bolton Road, Bury, BL8 2NW**

Development: **Installation of 1no. internally illuminated digital LED advertisement**

Dear Helen Pressley

Thank you for consulting Transport for Greater Manchester (TfGM) on the above planning application. The following comments are offered as advice on transport issues for you to balance against other factors and are made in the context of TfGM's role in the planning process, as set out in the footnote below.

Background

The application seeks approval for the installation of an internally illuminated digital LED sign on the southern elevation of 115 Bolton Road in Bury.

Highways Overview

Colleagues within TFGM have reviewed the submitted signage proposals. It is noted that there are no signals or crossings within the vicinity which will be impacted by the

¹TfGM does not have any planning powers and is not a statutory consultee in the planning process. The purpose of the advice offered is to suggest the best way to improve land use / transport integration through the development proposals. Advice is based on the information provided by the applicant, and it is not TfGM's role to undertake detailed verification unless specifically commissioned to do so. ²TfGM control and manage the traffic signals in Greater Manchester, as such any schemes that alter signalised junctions need to be agreed with TfGM. Additionally, where developments impact on signalised junctions, TfGM have a duty of care to ensure that these impacts are satisfactorily mitigated as part of the planning process.

digital display. Additionally, the positioning of the digital sign is offset from the carriageway and not within the direct eyeline of drivers.

In light of the above, TfGM would note the following recommendations:

- The LED screen should not feature any moving images.
- The images should not change too frequently, (no greater than once every 10 seconds).
- The luminance levels should be in accordance with recommendations contained within the Institute of Lighting Professionals Lighting Guide – Technical Report Number 5.

I hope you find these comments useful in the determination of this planning application. Should you wish to discuss any matter further please do not hesitate to contact the Landuse team via the details below.

Yours faithfully
