

70482 – 4 & 5 East View, Summerseat

There is a popular public footpath (No.83 Ramsbottom) that joins the (unnamed?) back street, as shown running to the left of the green hoarding below. It offers access between Nuttall Lane/Whittingham Drive/Nuttall Park/Ramsbottom and Summerseat. There are no obvious alternatives. Please can we ensure that the presence of the path and the importance of it remaining open is considered at all stages of the development.
