Proposal: Single storey rear extension; Front porch

Location: 5 Tewkesbury Drive, Prestwich, Manchester, M25 0HR

Description

The application relates to a two storey semi-detached house with a short brick wall along the front boundary with pedestrian gate. There is also a hedge along the front boundary. At the rear there is a garden with fences to all boundaries. There is timber shed in the rear garden adjacent to the shared boundary with no.7 Tewkesbury Drive.

The proposal is to build a single storey rear extension and a front porch. The rear extension would project 3.5m from the original rear elevation and it would measure 5.74m. The roof would be flat with a Succah roof. The porch would project 1.7m forward of the front elevation and it would measure 3.1m wide. The roof would be pitched.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due

regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

The main considerations of this application are the impact of the proposal on visual and residential amenity.

Visual Amenity -

SPD 6 and UDP Policy H2/3 seek to achieve a high standard of design that compliments the original building, and does not have a detrimental impact on the character and appearance of neighbouring properties and the general street scene.

The porch at the front of the property would be built with materials and a design that would match the existing building. The rear extension would have a more modern design but as it would be to the rear of the dwelling it would not be readily visible in the streetscene. The design of the proposal is considered acceptable in this location.

Given the above the proposal conforms to Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity.

Residential Amenity -

- The rear extension would be around 3.6m from the shared boundary with no.1 Tewkesbury Drive and there would be no windows in the side elevation facing this neighbour.
- To the north side there would be around 800mm to the shared boundary with the

DELEGATED REPORT

unattached property and there would be no windows in the side elevation. It would project just under 1m past the neighbouring extension.

- Any views from the rear windows would be over the applicant's garden only and there would be sufficient distance from the extension to properties at the rear so it would not have any significant detrimental effect on residential amenity at those properties.
- The porch at the front would be set well back from the front boundary.
- There is no existing parking within the site. Parking is available to the highway in front only. The proposal would not see an increase of bedrooms at this property. As such parking would not be a concern.

The proposal conforms to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of separation distance to the surrounding properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.
