

Planning

The premises is used as restaurant T/A Toto Ristorante, run by the tenant who is applicant. A letter from owner is attached as a permission letter to apply any development.

The applicant has constructed a shed raising the height of walls towards High Street and covered it with plastic sheets over timber joists. The stud wall outside towards Road has been covered with cladding over grade 22 ply over insulation and fire board inside. See Drawing No. 02

People passing close to the applicant's premises and on the road used to throw their rubbish material in the premises covered, spending lot of council as well as applicant in removing the rubbish. Hope this protection will make the area tidy and neat.

The applicant has made the premises hygienically safe by covering the area.

Hope the council will help the applicant and permit this development.
