Proposal: Hip to Gable loft conversion with Rear dormer; Rear extension

Location: 52 Heaton Street, Prestwich, Manchester, M25 1HH

Description

The property is a semi-detached house located on Heaton Street, It has garden to the front, and rear. The gardens are at a raised level from the street. There is a drive to the side and the adjacent neighbouring properties on either side are No.52 and No.54.

Planning permission is sought for a hip to gable roof extension with loft conversion and rear dormer. The loft conversion via the hip to gable extension would facilitate the proposed rear dormer and accommodate one bedroom and a bathroom.

The proposed development would utilise the use of matching materials and would have a a flat roof over the proposed dormer and a mansard roof over the part single extension.

H2/3 Extensions and Alterations

SPD6 Supplementary Planning Document 6: Alterations & Extensions

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF), the adopted Places for Everyone Joint Development Plan Document (PfE) and the saved policies within the adopted Bury Unitary Development Plan (UDP), together with other relevant material planning considerations.

The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP and PfE Policies will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Planning permission is sought for a hip to gable roof extension with loft conversion and rear dormer. The loft conversion via the hip to gable extension would facilitate the proposed rear dormer and accommodate one bedroom and a bathroom.

The proposed development would utilise the use of matching materials and would have a flat roof over the proposed dormer and a mansard roof over the part single extension.

Visual amenity

UDP Policy H2/3 and SPD6 seeks to achieve a high standard of design that complements the original building, does not have a detrimental impact on the character or appearance of neighbouring properties, and protects the general street scene.

The proposed development would be simple and unobtrusive design and would not detract from the character of the dwelling. The current ridge height of the existing roof would remain the same. The proposed flat roofed dormer would be considered suitably in scale. The new proposed window(s) would also be deemed appropriate in size. The proposed development would match existing materials and not overwhelm the dwelling or result in over development of the associated residential amenity space. It is considered that the proposal would not have a detrimental impact on the character of the dwelling, street scene

or neighbouring properties and would therefore comply with UDP Policy H2/3 and SPD 6.

Residential amenity

UDP policy H2/3 and SPD6 seeks to reduce the impact of proposals on the residential amenity of neighbouring properties.

- There would be over 20 metres to the properties in the front and rear.
- There would be one proposed side window. However, this would not be from habitable bedroom. Additionally, this window would be conditioned to be obscure glazed.
- In terms of the general prominence and impact on daylight the proposed dormer extension would be slightly set off from the shared side boundary with adjacent property and would be south-west of the No.54. Therefore, there would be no over-shadowing and the situation would not be beyond the current condition.
- There would remain an acceptable amount of outdoor private amenity space.

Taking the above in to account the proposal does not conform to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of its impact on the adjoining dwelling.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to the drawings received on 10/10/2024 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan and Places for Everyone Joint Development Plan listed.
- 3 Before the first occupation of the extension hereby permitted the proposed first floor window at the side shall be fitted with obscured glazing and shall be permanently retained in that condition thereafter.
Reason. To protect the privacy of adjoining occupiers and to accord with Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
