Dryopteris erythrosora

CW Studio Sustainability Principles

Material Choice
Conscious specification
of materials

Soil Management
Utilisation of on site materials,
minimising imported growing
medium, NO PEAT

Waste Reduction
Utilise existing features,
re-use materials, reduce off
site waste

Trees and Habitat
Integration and enhancement of
existing trees and habitat, where
selective removal is required
materials will be re-utilised

Active Travel
Enabling sustainable travel to be
the easy choice for local trips

Planting Choice
Diversity of species for climate
resilience, provision for pollinators
and tolerance of drought
conditions

Water Management
Designing for sustainable
drainage and reduction in water
usage

Energy
Utilisation of renewable
sources for electricity
