

Floor plan of the second floor. The layout includes a Bath, three Bed rooms, and an E/S (Entrance/Exit) area. Dimensions are provided in millimeters.

- Bath:** Located at the top left, with a width of 2200 mm.
- Bed (Top Right):** Located at the top right, with a width of 3000 mm and a depth of 1700 mm.
- E/S:** Located in the middle right, with a width of 1600 mm and a depth of 2300 mm.
- Bed (Bottom Left):** Located at the bottom left, with a width of 2300 mm and a depth of 2500 mm.
- Bed (Bottom Right):** Located at the bottom right, with a width of 3000 mm and a depth of 2500 mm.
- Stairs:** Located on the left side, with a width of 1000 mm.

Floor plan of a house with the following dimensions and room labels:

- Overall Dimensions:** 8700 (width) x 6000 (depth).
- Rooms and Dimensions:**
 - Kitchen:** 8000 (width) x 8100 (depth).
 - Dining:** 8000 (width) x 3500 (depth).
 - Garage:** 5500 (width) x 1700 (depth).
 - Lounge:** 3500 (width) x 5500 (depth).
- Other Features:** A staircase is located between the Garage and Lounge. The plan includes a central hallway and a small entrance area.

A line drawing of a two-story house. The house has a gabled roof with a smaller gable over the front porch. On the left side, there is a garage with horizontal siding. The main entrance is a double door with a small window above it. To the right of the entrance is a large window with multiple panes. The second floor has three windows, each with a small flower box underneath. The drawing is simple, using only black outlines on a white background.

A line drawing of a house. The house has a main rectangular body with a gabled roof. A chimney is located on the left side of the house. In front of the house is a porch with a flat roof supported by columns. A door is visible on the porch. The drawing is simple, using only black outlines on a white background.

This architectural drawing shows a side elevation of a house. The main structure has a gabled roof and a large, blank rectangular wall. To the right, there is a sunroom addition with a gabled roof and a grid of windows. A small portion of another structure is visible on the far left.

A line drawing of a two-story house. The house has a gabled roof with a small square vent in the center. The left side of the house features a brick chimney and a window. The right side has three windows. A front porch with a flat roof covers the entrance area, which includes a door and a window. To the left of the porch is a garage with a roll-up door.

This architectural drawing shows a two-story house with a gabled roof. The roof is covered in horizontal siding and features a small, square skylight in the center. The walls are made of red brick. The first floor has a large, multi-paned window on the left and a double door with a transom window on the right. The second floor has three windows: a large multi-paned window on the left, a smaller window in the center, and another large multi-paned window on the right. A dark horizontal band runs across the front of the house, separating the first and second floors.

A line drawing of a building with a gabled roof. The roof is covered in horizontal lines representing shingles. There are two small, rectangular skylights or vents on the roof. The building has a chimney on the right side, which is constructed of red bricks. The main body of the building is white. The drawing is simple and schematic, showing the basic structure and materials.
