Planning consent does not provide a defence against prosecution under this act. If a birds nest is suspected work should cease immediately and a suitably experienced ecologist employed to assess how best to safeguard the nest(s).

2. The applicant's attention is drawn to the existence of Public Right of Way (Footpath) No. 21, Bury, which forms the access to the site. No development should take place which affects the Right of Way in the absence of an appropriate closure or diversion order.
