Proposal: Single storey side and rear extension

Location: 22 Ventnor Avenue, Bury, BL9 8HH

Description

The application relates to a two storey semi-detached house. The whole front of the site is paved for parking and access to the rear of the site is at the side of the dwelling. At the rear there is a garden with fences to all boundaries.

The proposal is to build a single storey extension. It would be built flush with the existing front elevation and it would wrap around to the rear of the house. It would measure 1365mm wide at the front and around 9884mm along the north side. At the rear it would project 3000mm from the original rear elevation and would measure around 6993mm wide. The roof would be pitched with three rooflights to the rear. There would be one window to the front and bi-folding patio doors at the rear.

H2/3 Extensions and Alterations

PfE Places for Everyone

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF), the adopted Places for Everyone Joint Development Plan Document (PfE) and the saved policies within the adopted Bury Unitary Development Plan (UDP), together with other relevant material planning considerations.

The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP and PfE Policies will be referred to in the report, unless there is a

particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

The main considerations of this application are the impact of the proposal on visual and residential amenity.

Visual Amenity -

SPD 6 and UDP Policy H2/3 seek to achieve a high standard of design that compliments the original building, and does not have a detrimental impact on the character and appearance of neighbouring properties and the general street scene.

The proposed extension would be single storey only, it would not project forward of the existing front elevation and it would be built with materials and a design that would be considered to be in keeping with the existing dwelling. The extension would be similar in design to an existing extension at no.24 Ventnor Avenue next door.

Given the above the proposal conforms to Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity, and Places for Everyone Joint Development Plan listed.

Residential Amenity -

- The separation distance from the extension to properties to the front and rear of the site would be acceptable in terms of SPD 6.
- There is an existing extension at no.24 (attached) which projects around 3m along the shared boundary. The proposed extension would not project past the rear of this extension.
- The proposed drawing show that the extension would be around 150mm off the boundary with no.24, attached.
- The extension would be built 700mm away from the boundary with no.20 and a path from the front to the rear of the site would remain.
- There would be no windows in the side elevation facing no.20.
- The position of the extension would not interfere with existing parking arrangements on site.

The proposal conforms to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of separation distance to the surrounding properties.

Parking -

The proposal would not increase the number of bedrooms therefore SPD 11 Parking Standards need not be considered. The parking arrangements would remain as existing where there is parking to the front garden and drive.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawing numbered 22VA/1/Rev B and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury UDP Policy H2/3 - Extensions and Alterations and the guidance in Supplementary Planning Document 6 – Alterations and Extensions to Residential Properties in terms of visual amenity, and Places for Everyone Joint Development Plan listed.
- 3 The external finishing materials for the proposal hereby approved shall be brickwork similar to those of the existing building and Reland Regent smooth grey concrete roof tiles.
Reason. In the interests of visual amenity and to ensure a satisfactory development pursuant to Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
