5. Description of the Proposal

Please describe details of the proposed development or works including any change of use.

If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.

Erect a 2.4 metre high x 460 linear metre secure boundary mesh fence from the existing boundary fence at Elton High School/Ettington Close, across the boundary of Elton High/Leigh Lane (circa 212 linear metres) and up to the boundary of Elton High/Owlerbarrow Road (circa 248 linear metres). Effectively securing the the Elton High School playing/sports field.
It is critical to the safeguarding of students and staff that the school secures our boundary line. Currently any member of the public can walk onto the field when PE lessons are taking place, or when students are out at lunchtime, putting at serious risk children's well-being and safety. The field is frequently damaged by horses, leaving deep holes on the running track / pitch. Dog walkers access throughout the school day, whilst lessons are running, leaving excrement and poo bags on the field. Students also have the potential to walk off-site if they so wished.
This is a serious safeguarding concern for the school.

Has the work or change of use already started?
