Proposal: Single storey side/rear extension

Location: 26 West View Grove, Radcliffe, Manchester, M45 7NQ

Description

The property is a two-storey semi-detached house with an extension to the side. There is a small front garden and a drive on site. At the rear there is a garden with fences to all boundaries and a garden shed. Properties to the rear are currently approximately 18m from the rear elevation of the house. No. 28 West View Grove has an existing single side/rear storey extension adjacent to the boundary with site.

Planning permission is sought for single storey side and rear extensions to accommodate a larger kitchen along with a new utility room and a toilet. The extension to the side would project 2.2 metres to the front and run for approximately 1.8 metres to the side. The proposed rear extension would project 3.5 metres to the rear and measure approximately 4.2 metres in width. The proposal would be constructed using matching materials and would have pitched roofs with rooflights.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual Amenity

UDP Policy H2/3 and SPD6 seeks to achieve a high standard of design that compliments the original building, does not have a detrimental impact on the character or appearance of neighbouring properties, and protects the general street scene.

Situated to the rear, the single storey rear element would not be visible from the street scene. The single storey side extension would be visible from the front. However, it would be a simple and unobtrusive design, which would not detract from the character of the dwelling. The design of the single storey rear extension would also be acceptable and as such not over dominate the character of the original dwelling. The proposed development would be constructed with materials to match the existing dwelling. As such, the proposed development would not be a prominent feature in the street scene and would comply with Policies H2/3 of the Bury Unitary Development Plan and SPD6.

Residential Amenity

- Properties to the front would be over 20m from the proposed side extension, while dwellings to the rear would be over 10m from the proposed rear extension. These distances would be acceptable in terms of SPD 6.
- The proposed side extension would project 2.1 metres and would have an appropriate setback of 3.5 metres from the front elevation and would not have any proposed side windows facing towards No. 28 West View Grove. The rear extension would also have a blank wall to the sides. As such, the proposal would have no detrimental impact on the privacy of the neighbouring properties.
- SPD 6 states that a single storey extension should not project more than 3m along a neighbouring boundary. At which point the 45° rule should be applied. However, taking in to account the Larger Homes Scheme and that the adjacent neighbours have not objected the projection of 3.5 metres along the shared boundary would be considered acceptable in this instance.
- There would remain an acceptable amount of outdoor private amenity space.
- As there would be no increase to the number of bedrooms at the property the existing parking arrangements would be considered acceptable.

Overall, there would be no serious impact on the amenity of any adjacent neighbouring properties. The proposal therefore conforms to UDP Policy H2/3 - Extensions and Alterations and the requirements of Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawing numbers: 01, 02, 03, 04 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
- 3 The external finishing materials for the proposal hereby approved shall match those of the existing building plus rendering as outlined in drawings submitted.
Reason. In the interests of visual amenity and to ensure a satisfactory development pursuant to Policy H2/3 - Extensions and Alterations of the Bury Unitary Development Plan and Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
