Statutory/Non-Statutory Consultations

Traffic Section - No objection to condition 11. Comments not received to condition 12.
Greater Manchester Ecology Unit - No objection

Pre-start Conditions - Not relevant

Development Plan and Policies

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF), the adopted Places for Everyone Joint Development Plan Document (PfE) and the saved policies within the

adopted Bury Unitary Development Plan (UDP), together with other relevant material planning considerations.

The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP and P/E Policies will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Condition 7 - Giant Hogweed

Removal of Hogweed Statement

Given one plant only was present in the amenity grassland in front of the site, manual removal by hand excavation is a reasonable approach. GMEU therefore have no objection to the discharge of condition 7.

Condition 8 - Soft Landscaping plan - 24.100.00 CDP 00 DR A 1010 P02

No objections from GMEU.

Condition 9 - Protection of Existing Landscape Planting

DELEGATED REPORT

Landscape protection scheme updated 16/5/25
No objections

Condition 11 - New gate arrangements/main site access/reinstatement of tertiary site access/signage scheme/new give way markings)

Detailed plans have been submitted and the Highway Authority have confirmed Technical Approval of the drawings with works to be undertaken under a S50 license.

As such it is considered the proposed scheme is acceptable.

Condition 12 - Construction Traffic Management Plan

A Construction Traffic Management Plan (ref 3711224 dated February 2025) has been submitted. Comments have not been received by the Highway Authority by the date of decision.

The CTMP is comprehensive and covers aspects including a construction programme of works, construction traffic management on site and dilapidation survey.

As such it is considered acceptable to discharge the condition.

Recommendation: Approve

Conditions and Reasons:

The conditions listed below are approved -

Condition 7
Condition 8
Condition 9
Condition 11
Condition 12

- subject to the implementation of the approved details and any remaining requirements of the conditions.
