Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

☒ Yes

☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

We need to replace our roof due to age and condition and the existing concrete tile is no longer available. We are looking to make use of the replacement roof opportunity to install inset solar panels to the rear roof facing the woodland area. To be able to inset the solar tiles we need to replace the roof tiles with a modern grey flat concrete tile to enable this to be achieved. The Solar system proposed is a Marley Solar Tile and the roof tile is a Marley Modern Smooth finish in grey. As we do not want the roof to be different on the front and garage roofs we are proposing to replace all roofs on the property for new. They are all to be Marley Modern Smooth in grey.

Does the proposal consist of, or include, a change of use of the land or building(s)?

☐ Yes

☒ No

Has the proposal been started?

☐ Yes

☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

No change to land or building has taken place since last full planning for house extension was made around 10 years ago. This has always been a private dwelling since construction in 1993.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

Houses on the housing estate where the property is located have been built by many different builders. Many have had new roofs and been modernised to include new roofs, additional 3rd floors, dormer bedrooms, flat roofs, rendering etc together with solar panel installation. There are all types, textures and colours of roofs. Our current roof has lead patches covering broken concrete tiles and we need to undertake a full roof replacement to prevent further failure and make the property watertight. We are looking to take advantage of the roof replacement and reduce our carbon emissions and energy costs by installing solar to the rear East facing roof area - this area backs onto woodland and is not visible to other properties. There are houses on the same street as our property (Ripon Hall Avenue) with the same colour brick as our property and the same colour and texture roof tiles as the ones we are wanting to install.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

☒ No

Interest in the Land

Please state the applicant's interest in the land

- ☒ Owner
