

Your Ref: 68687

Proposal: Two storey extension at side with front porch and two/single storey rear extension;
Formation of parking area at front with new vehicular access and erection of retractable gate.

Location: 2 Westgate Avenue ,Ramsbottom, Bury, BLO 9SS

Image 1

Image 2

Image 3

Above images are the type of gate system that is proposed to be used in the above named application and its various stages of operation.

Image 1. Shows the gate part open. Image 2 shows the gate in a closed position and Image 3 shows the gate fully open.

I can confirm the gate will not come forward of the entrance and has sensors to stop the gate as a safety feature.

I can supply a cad elevation of this however it would not be as detailed and displayed in real life as these images display.
