Subject: RE: 70256: 36 Irwell Street, Radcliffe, M26 1LR

Hi Dean,

Thank you for your email and apologies for the slight delay in responding.

For clarity and in response to your original queries:

The age range of the children - 10-18 years, of any gender that have suffered with any trauma or diagnosed with mental health illness.

The maximum number of staff that would be present on site at once – 4 (1 Manager and 3 carers offering 1-1 care)

How the site would typically operate/shift patterns/number of staff during the day and night times. Manager 9-5. Maximum of two staff on 24 hour shift 1-1, 8 am and finish time, and 2 staff 12 hour shift 7am - 7pm, waking night 7pm - 7am.

Daily operation of the home e.g. will children be enrolled at school/college? – Yes they will be enrolled in school, although some may be homeschooled depending on their circumstances and level of care.

No. of visiting specialists/staff and their role – Dependent on the child - there is a psychologist that specialises in looked after children, Specialist CBT trauma informed CAMHS therapist and CAMHS RMN. Most specialist treatment will be off-site.

How staff are likely to travel to the site and where they would park (if coming in a car) – covered in 'Parking Evidence'.

Hopefully that clarifies everything but if you need any further information just let me know.

Best regards,
Joe Salt
