

Dear Bury Council Planning Department,

I hope this letter finds you well.

I am writing to provide additional information in support of my planning application for Think Car Solution, a small family-run car dealership incorporated on 16/01/2023. We currently operate our main trade from another site located at 50 Wash Lane, Bury.

In relation to the planning permission for 706 Walmsley Road, I would like to clarify that Think Car Solution does not carry out any valeting or mechanical work at this location. All such work is conducted off-site, either at Ormorod Street Garage or at Shine Carwash on Walshaw Road, Bury.

At 706 Walmsley Road, we have adequate parking facilities, with one bay designated for staff and two bays for customers. This ensures there is no obstruction to the main road.

Additionally, Think Car Solution operates strictly by appointment, with hours from 10:00 AM to 5:00 PM. Appointments are arranged via the AutoTrader platform, minimizing any undue traffic or disruption in the area.

Please feel free to contact me if further information is required to process this application.

Thank you for your attention to this matter.

Think Car Solution
