

NOTICE OF PLANNING PERMISSION

Town and Country Planning Act 1990 Town and Country Planning (Development Management Procedure) (England) Order 2015

To:

Mr Julian Austin
Paul Butler Associates
31 Blackfriars Road
Salford
M3 7AQ

On Behalf Of:

21 Living Ltd
c/o agent

PART 1 - Particulars of Application

Application Number: 69572

Date of Registration: 12/05/2023

Proposal:

Part demolition, conversion and extension of existing building to provide 10 no. supported living units; Construction of detached building to rear containing a further 3 no. supported living units

Location:

137 The Rock, Bury, BL9 0ND

PART 2 - Particulars of Decision

Bury Metropolitan Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that permission has been **GRANTED** for the carrying out of the development referred to in Part 1 hereof in accordance with the application and plans submitted subject to the following conditions:-

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered A750-P-101, A750-P-102, A750-P-104, A750-P-200A, A750-P-203A, A750-P-300A, A750-P-400A, A750-P-500A, A750-P-501 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
- 3 The external finishing materials for the proposal hereby approved shall match those of the existing building.
Reason. In the interests of visual amenity and to ensure a satisfactory development pursuant to Policy EN1/2 - Townscape and Built Design of Bury Unitary Development Plan.
- 4 No development shall commence unless and until:-
 - A contaminated land Preliminary Risk Assessment report to assess the actual/potential contamination and/or ground gas/landfill gas risks at the site shall

- be submitted to, and approved in writing by, the Local Planning Authority;
- Where actual/potential contamination and/or ground gas/landfill gas risks have been identified, detailed site investigation and suitable risk assessment shall be submitted to, and approved in writing by the Local Planning Authority;
- Where remediation/protection measures is/are required, a detailed Remediation Strategy shall be submitted to, and approved in writing by, the Local Planning Authority.

Reason. The scheme does not provide full details of the actual contamination and subsequent remediation, which is required to secure the satisfactory development of the site in terms of human health, controlled waters, ground gas and the wider environment and pursuant to National Planning Policy Framework Section 15 - Conserving and enhancing the natural environment.

- 5 Following the provisions of Condition 4 of this planning permission, where remediation is required, the approved Remediation Strategy must be carried out to the satisfaction of the Local Planning Authority within agreed timescales; and A Site Verification Report detailing the actions taken and conclusions at each stage of the remediation works, including substantiating evidence, shall be submitted to and approved in writing by the Local Planning Authority prior to the development being brought into use.

Reason. To secure the satisfactory development of the site in terms of human health, controlled waters and the wider environment and pursuant to National Planning Policy Framework Section 15 - Conserving and enhancing the natural environment.

- 6 A landscaping scheme shall be submitted to, and approved by the Local Planning Authority prior to the commencement of the development. The contents of the plan should include native tree and shrub planting and the provision of bat bricks/tubes within the new development and bat and bird boxes. The approved scheme shall thereafter be implemented not later than 12 months from the date the building(s) is first occupied or within the first available tree planting season,; and any trees or shrubs removed, dying or becoming severely damaged or becoming severely diseased within five years of planting shall be replaced by trees or shrubs of a similar size or species to those originally required to be planted.

Reason. To secure the satisfactory development of the site and in the interests of visual amenity pursuant to Policies H2/2 - The Layout of New Residential Development, EN1/2 - Townscape and Built Design and EN8/2 - Woodland and Tree Planting of the Bury Unitary Development Plan and chapter 15 - Conserving and enhancing the natural environment of the NPPF.

- 7 The drainage for the development hereby approved, shall be carried out in accordance with principles set out in the submitted Foul & Surface Water Drainage Design Drawing 2882/0100, Rev P01 - Dated 29/03/2023 which was prepared by Brennan Consult. For the avoidance of doubt surface water must drain at the restricted rate of 5 l/s. Prior to occupation of the proposed development, the drainage schemes shall be completed in accordance with the approved details and retained thereafter for the lifetime of the development.

Reason. The current application contains insufficient information regarding the proposed drainage scheme to fully assess the impact. To promote sustainable development and reduce flood risk pursuant to Unitary Development Plan Policies EN5/1- New Development and Flood Risk , EN7/3 - Water Pollution and EN7/5 - Waste Water Management and chapter 14 - Meeting the challenge of climate change, flooding and coastal change of the NPPF.

8 No development shall commence unless and until a 'Construction Traffic Management Plan' (CTMP), has been submitted to and approved by the Local Planning Authority and shall confirm/provide the following:

- Photographic dilapidation survey, to a scope to be agreed, of the footways and carriageways abutting the site in the event that subsequent remedial works are required following construction of the development and as a result of statutory undertakers connections to the site;
- Access route for all vehicles to the site from the Key Route Network and all temporary works required to facilitate access for demolition/construction vehicles, including the provision, where necessary, of temporary pedestrian facilities/protection measures on the adopted highway;
- A scheme of appropriate warning/construction traffic signage in the vicinity of the site and its access;
- Confirmation of hours of operation, vehicle sizes and number of vehicle movements;
- Arrangements for the turning and manoeuvring of vehicles within the curtilage of the site and/or measures to control/manage deliveries to the site, including any requisite phasing of the development to accommodate this;
- Parking on site or on land within the applicant's control of operatives' and construction vehicles together with storage on site of construction materials, including any requisite phasing of the development to accommodate this;
- Measures to ensure that all mud and other loose materials are not spread onto the adjacent adopted highways as a result of the groundworks operations or carried on the wheels and chassis of any vehicles leaving the site and measures to minimise dust nuisance caused by the operations.

The approved plan shall be adhered to throughout the demolition/construction period and the measures shall be retained and facilities used for the intended purpose for the duration of the demolition and construction periods. The areas identified shall not be used for any other purposes other than the turning/parking of vehicles and storage of demolition/construction materials.

Reason. Information not submitted at application stage. To mitigate the impact of the construction traffic generated by the proposed development on the adjacent residential streets, and ensure adequate off street car parking provision and materials storage arrangements for the duration of the construction period and that the adopted highways are kept free of deposited material from the ground works operations, in the interests of highway safety pursuant to Bury Unitary Development Plan Policies EN1/2 - Townscape and Built Design and HT6/2 - Pedestrian/Vehicular Conflict.

9 The formation of the proposed footway crossing indicated on the approved plans shall be implemented to a scope and specification to be agreed on site with the Highway Authority prior to the development hereby approved being brought into use/first occupied.

Reason. To secure the satisfactory development of the site in terms of highway safety, ensure good highway design and maintain the integrity of the adopted highway, in the interests of highway safety pursuant to Policy EN1/2 - Townscape and Built Design of the Bury Unitary Development Plan.

10 The bin storage facilities indicated on the approved plans shall be made available for use prior to the use hereby approved commencing and maintained thereafter.

Reason. To ensure adequate provision for the storage and disposal of refuse within the curtilage of the site, clear of the adopted highway pursuant to Policy EN1/2 -

Townscape and Built Design of the Bury Unitary Development Plan.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The Local Planning Authority worked positively and proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

The following policies of the Bury Unitary Development Plan, National and Regional Government were considered relevant:

H1/2	H1/2 - Further Housing Development
H2/1	H2/1 - The Form of New Residential Development
H2/2	H2/2 - The Layout of New Residential Development
H4/2	H4/2 - Special Needs Housing
EN1/2	EN1/2 - Townscape and Built Design
EN1/3	EN1/3 - Landscaping Provision
EN6	EN6 - Conservation of the Natural Environment
EN6/3	EN6/3 - Features of Ecological Value
EN7	EN7 - Pollution Control
EN7/1	EN7/1 - Atmospheric Pollution
EN7/2	EN7/2 - Noise Pollution
EN7/5	EN7/5 - Waste Water Management
S2/4	S2/4 - Control of Non-Retail Uses in All Other Areas
HT2/4	HT2/4 - Car Parking and New Development
HT5/1	HT5/1 - Access For Those with Special Needs
HT6/2	HT6/2 - Pedestrian/Vehicular Conflict
SPD1	Supplementary Planning Document 1 - Open Space, Sport and Recreation Provision in New Housing Development
SPD5	Development Control Policy Guidance Note 5: Affordable Housing Provision in New Residential Developments
SPD6	Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
SPD11	Development Control Policy Guidance Note 11 - Parking Standards in Bury
NPPF	National Planning Policy Framework

This decision relates only to the Town and Country Planning Acts and does not include any consent or approval under any other enactment or under the Building Regulations. Any other consent or approval which is necessary must be obtained from the appropriate authority.
