Details of the pre-application advice received

Pre-application carried out and raised the following observations:

- Poor visibility out of the site and narrow footway used by pupils of Bury RC High School.
- Retention of TPOs on site.
- Overlooking concerns with bungalow opposite.
- Access and turning on site.
- Site drainage.
- Dwelling size proportional to site.

To address these concerns we have responded with the following:

- Boundary wall reduced to a height of 0.6m and set back 2.4m from the edge of the pavement widening the existing footway. 2.4m x 25m visibility splays are shown on the drawing.
- TPOs marked on drawing. Site layout considered to protect roots. Tree report to follow.
- Overlooking distances noted on drawing. Evergreen vegetation to perimeter of site to provide natural screening.
- Vehicle tracking shown with suitable hardstanding.
- Levels shown on drawings, soakaway drainage taken away from Haslam brow to the west of the site.
- Dwelling footprint reduced appropriately.

Refer to supporting information in Jenkins Design Services drawing pack and design and access statement.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
