Details of the pre-application advice received

Drawings and plans were submitted via email along with supporting photographs and information to ask would this new proposal be more inkeeping and to build The Haven to match the adjacent buildings than what has already been granted planning permission. Materials were also proposed such as brick for all x4 elevations as opposed to render, that had been permitted, to be more sympathetic and restore the Heritage feel and look of the Haven to its neighbouring buildings

Planning Department response 22/06/22 confirmed this would be an acceptable approach to progress the application
