- c) extension or alteration of a building providing it does not result in disproportionate additions over and above the size of the original building;
- d) replacement of a building, providing the new building is in the same use and not materially larger than the one it replaces;
- e) limited infilling in villages;
- f) limited affordable housing for community needs under policies set out in the development plan (including policies for rural exceptions sites); and
- g) limited infilling or the partial or complete redevelopment of previously developed land, whether redundant or in continuing use excluding temporary buildings) which would
 - not have a greater impact on the openness of the Green Belt than the existing development; or
 - not cause substantial harm to the openness of the Green belt, where the development would re-use previously developed land and contribute to meeting an identified affordable housing need with in the area of the local planning authority.
