EXISTING STREETSCAPE ELEVATION (BURY NEW ROAD)

364 BURY NEW ROAD

FIRE STATION SITE

TOTAL
FITNESS

This architectural drawing shows the existing streetscape elevation along Bury New Road. On the left, there are residential buildings, one of which is labeled '364 BURY NEW ROAD'. A series of trees and a fence line separate the residential area from the 'FIRE STATION SITE'. The fire station site is currently undeveloped, with a few small trees and a fence. To the right of the fire station site is a large, modern building with a glass facade, labeled 'TOTAL FITNESS'. The drawing includes a scale bar at the bottom and a north arrow pointing towards the top right.

PROPOSED STREETSCAPE ELEVATION (BURY NEW ROAD)

364 BURY NEW ROAD

FIRE STATION SITE

TOTAL
FITNESS

This architectural drawing shows the proposed streetscape elevation along Bury New Road. The layout is similar to the existing elevation, but with several changes. The residential buildings on the left remain. The 'FIRE STATION SITE' is now proposed to be a modern building with a glass facade, featuring a fire alarm pull station and a fire extinguisher. A fence line separates the residential area from the fire station site. To the right of the fire station site is a large, modern building with a glass facade, labeled 'TOTAL FITNESS'. The drawing includes a scale bar at the bottom and a north arrow pointing towards the top right.
