Please note in regard to:

- Fire Statements - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- Permission In Principle - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe details of the proposed development or works including any change of use.

To replace the main ground floor shop window as this currently poses both a health & safety and security risk. When the Santander Bank vacated the premises, they removed the ATM machine from within the front window. However instead of reglazing the whole window they simply replaced it with a piece of glass which they siliconed to the larger existing glass panel hence the risks mentioned. The siliconed section is incredibly unsightly and could easily be broken if force was exerted on it. The existing wooden window frame is also rotten and beyond repair. I have attached pictures of the current shop frontage as requested.

The proposed elevation will remain the same as it is now as will the current shop window dimensions which are 458cm wide by 189cm high (including frame). We will not be changing the overall window dimensions, these will remain the same. However, instead of one huge glass window panel, our proposal is to split this into 3 equally sized glass hard wood framed panels. I've tried to provide a mock up view of the window showing the proposed 3 panels. The replacement window frame material will be in Hardwood and painted black to meet the Conservation Officer Mark Kilby's requirements. There will be no window openings in the glass panels so as to mirror and complement the existing window design. The 3 double glazed glass panels will be in clear glass, however these will be covered internally with an obscure vinyl wrap to ensure privacy for gym members. The properties existing upstairs windows and front door will be painted the same colour of black for consistency.

The Conservation Officer Mark Kilby has been extremely helpful in providing advice in relation to the planning application process, requirements and documents.

Has the work or change of use already started?
☐ Yes ☒ No

6. Existing Use

Please describe the current use of the site

The property is not currently in use as we are looking to refurbish it over the coming months.

Is the site currently vacant?
☒ Yes ☐ No

If Yes, please describe the last use of the site

Santander Bank

When did this use end (if known)?
DD/MM/YYYY

23. Pre-application Advice

07/09/2021

Details of the pre-application advice received

Mark Gilby informed us that the property was in a Conservation area and is a Heritage asset. As such he advised that we must replace the windows in wood material and be painted in black or white colour. His view of splitting the window into three panels was acceptable including the internal window vinyl wrap for privacy. He also advised that we would need to submit a short Heritage Statement and red line plan with our application.

24. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
