

72312 – 52a Bolton Street, Ramsbottom, Bury

1 non-illuminated fascia sign.

The application site is a Non-Designated Heritage Asset (NDHA) and sited within the Ramsbottom conservation area.

A revised plan amending the scheme to omit the external lighting and window vinyls now makes the scheme acceptable with regard to size, scale, design and colour.

The proposed sign would preserve the character and appearance of the conservation area and would not cause a loss of significance of the NDHA.
