

BURY COUNCIL
DEPARTMENT OF OPERATIONS

REF NO: 22/174

FROM: Head of Engineering

TO: Head of Development Management

Planning Application No: 68440

Location: Pavement at Princess Parade, near Bury Interchange
Stand E, Bury, BL9 0QL

Development: Advertisement consent for installation of 1no. new BT
Street Hub, incorporating 75" LCD advert screens plus
the removal of associated BT Kiosks

RECOMMENDATION

I recommend that this planning application be refused

Reasons

1. The proposal would result in an unnecessary obstruction of the adopted highway and the creation of additional street clutter for an installation that primarily consists of an advertisement screen that is not a direct replacement for the adjacent telephone kiosks, and without agreement for the placement of such equipment on the adopted highway with the Highway Authority, which would be detrimental to pedestrian safety, maintaining existing pedestrian desire lines on Princess Parade and contrary to the active travel aspirations of the Council.
2. The proposal would have a detrimental impact on pedestrian access to, and pedestrianisation of Princess Parade as part of, future Bury Market Flexihall proposals.

Comments and Observations

It is brought to the attention of the applicant that the proposal affects existing adopted highway and that the necessary permit for the placement of such equipment on the adopted highway is highly likely to be refused by the Highway Authority.

Date: 01 August 2022
