Proposal: Raise roof ridge height to side elevation with 2 no. front dormers & juliette balcony

Location: Coachmans Corner, 10 Bridge Hall Drive, Bury, BL9 7NX

Description

The application relates to a large detached dwellinghouse within a large garden at the end of Bridge Hall Drive. There is an existing 2m high timber fence along the western boundary which is situated on a heavily treed embankment and adjacent to a public footpath running along Cuckoo Lane to the west.

The proposal is to raise the eaves and roof ridge on the southernmost section of the front elevation. The eaves and ridge would be extended up 750mm, giving a total height of 6.9m. The new ridge would still be 1.87m below the main roof ridge. The roof would be tiled to match the existing.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF), the adopted Places for Everyone Joint Development Plan Document (PfE) and the saved policies within the adopted Bury Unitary Development Plan (UDP), together with other relevant material planning considerations.

The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP and PfE Policies will be referred to in the report, unless there is a

particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual amenity - The proposed amendment to the roof is modest in scale and, tiled to match the existing, would not have a significant impact on the appearance of the house or wider streetscape. The proposal is acceptable in terms of visual amenity and complies with UDP Policy H2/3 and SPD6 relating to extensions and alterations.

Residential amenity - Given the modest nature and scale of the proposal, there are no residential amenity issues arising with regard to neighbours. The proposal is acceptable in terms of residential amenity and complies with UDP Policy H2/3 and SPD6 relating to extensions and alterations.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision
