

- The site plan illustrates the layout of a residential development on Kemp Heaton Avenue. The plan includes several building footprints, each labeled with a number (P1 to P25). A central road, labeled 'Unadopted Home Zone', runs through the site. To the left, a 'New Electric substation' is indicated. Various parking areas are shown, including 'Parking for P12-19 & Visitor Parking' and 'Parking for P10'. The plan also shows 'Existing Electric Substation' and '5m steps' near the top right. A 'Refer to site entrance prps' note is located at the top left. The plan is bordered by 'KEMP HEATON AVENUE' at the top and 'Attachment Place' at the bottom. A north arrow is located on the right side. A 'KEY' section on the left provides details on paving materials and specifications. A table on the right lists revisions and drawing information.

KEY

 - Concrete flag paving A - FOOTPATHS
Tobermore Textured Flags, 600x600mm, Natural colour, laid in a stack bond pattern or similar approved
 - Concrete flag paving B - MOWING MARGIN
