

1. All works to be carried out in accordance with the Building Regulations and all other statutory legislation to the satisfaction of the authority inspector. All materials and workmanship is to conform with the appropriate codes of practice and British Standards.
2. All works to be coordinated and checked by contractor. These drawings are provided as an indicative outline from which the builder can provide a detailed quote following site visit and assessment of the works. Where any additional work not included in this outline the contractor is to advise the homeowner of costs.
3. The contractor **MUST** check all dimensions and particulars prior to commencement of work. All Structural Elements (Walls, Linings, Foundations ETC) affected by new work are to be checked by the contractor and checked on site by the Local Authority prior to start to confirm ability to sustain new loads.
4. **CONSTRUCTION, DESIGN AND MANAGEMENT REGULATIONS 2015.** Contractor to plan, manage and monitor construction work under their control so it is carried out without risk to health and safety and for projects involving more than one contractor, coordinate their activities with others in the project team - in particular, comply with directions given to them by the project manager, designer or other relevant parties. For single contractor projects, prepare a construction phase plan.
5. All new skirting/architraves to match existing, unless stated otherwise by the client.
6. All electrical installations to the standards required by 'PART P' of the Building Regulations. GAS installation to be 'Gas Safety' (Installation and use) Regulations. Electrical lighting indicative. Electrical to confirm and confirm specifications, position and control with client prior to installation.
7. **ELECTRICITY WALL ACT:** where there is encroachment on neighbours property or building within 3m of 6m of the adjacent property, then permission must be obtained under the act. All proposed brickwork and roof tiles to match existing.
All proposed brickwork/rendering and roof tiles to match existing.
8. Any existing Load Bearing Walls to be altered will be done so according to the Building Regulations.
