

NOTICE OF PLANNING PERMISSION

Town and Country Planning Act 1990 Town and Country Planning (Development Management Procedure) (England) Order 2015

To:
Mr Domville
PHD Design
9 Mersey Road
Sale
Cheshire
M33 6HL

On Behalf Of:
Mr & Mrs Jacobs
4 Butt Hill Road
Prestwich
Bury
M25 9NJ

PART 1 - Particulars of Application

Application Number: 71263

Date of Registration: 16/01/2025

Proposal:

Demolition of existing bungalow and erection of replacement detached dwelling and garage with new rear patio and external works

Location:

4 Butt Hill Road, Prestwich, Manchester, M25 9NJ

PART 2 - Particulars of Decision

Bury Metropolitan Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that permission has been **GRANTED** for the carrying out of the development referred to in Part 1 hereof in accordance with the application and plans submitted subject to the following conditions:-

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered 202313 / OS1, 202313 / OS2, 202313 / SkDW2, 202313 / Es1 Rev A, 13116 / 001, 1105 DR-100 P1, 202313 / SkDW1 Rev C and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan and Places for Everyone Joint Development Plan listed.
- 3 Details/Samples of the (materials/bricks) to be used in the external elevations, together with details of their manufacturer, type/colour and size, shall be submitted to and approved in writing by the Local Planning Authority before the development is commenced. Only the approved materials/bricks shall be used for the construction of the development.
Reason. No material samples have been submitted and are required in the interests of visual amenity and to ensure a satisfactory development pursuant to UDP Policy EN1/2 - Townscape and Built Design

- 4 The development hereby approved within any approved phase shall not be brought into use until written confirmation is provided to the Local Planning Authority that unexpected or previously unidentified contamination was not encountered during the course of development works.

If, during development, unexpected contamination is found to be present on the site, no further works shall be carried out at the affected location until the following are submitted to the Local Planning Authority for approval:

- I. Risk Assessment (GQRA or DQRA);
- II. Remediation Strategy & Verification Plan;

If remediation is required, it shall be carried out in accordance with the approved Remediation Strategy. Upon completion of remediation works, a Verification Report shall be submitted for approval. The Verification Report must include information validating all remediation works carried out; details of imported materials (source/quantity/suitability); details of exported materials; and details of any unexpected contamination.

Reason. To prevent unacceptable risk to Human Health and Controlled Waters and to prevent pollution of the environment in accordance with the aims and Paragraphs 187(f), 196 and 197 of the National Planning Policy Framework (December 2024).

- 5 Any soil or soil forming materials to be brought to site for use in garden areas, soft landscaping, filling and level raising shall be tested for contamination and suitability for use.

Proposals for contamination testing including testing schedules, sampling frequencies and allowable contaminant concentrations (as determined by appropriate risk assessment) and source material information shall be submitted to the Local Planning Authority for approval prior to any soil or soil forming materials being brought onto site.

The approved contamination testing shall then be carried out and validity evidence (soil descriptions, laboratory certificates, photographs etc.) submitted to Local Planning Authority for approval prior to the development being brought into use.

Reason. To prevent unacceptable risk to Human Health and Controlled Waters and to prevent pollution of the environment in accordance with the aims and Paragraphs 187(f), 196 and 197 of the National Planning Policy Framework (December 2024).

- 6 Prior to occupation the applicant shall provide:

- 1 no. electric vehicle (EV) charging point (minimum 7kW*).

Certification and photographic evidence of the installation of the agreed electric vehicle charge points shall be submitted to Local Planning Authority for approval prior to the development being brought into use. The infrastructure shall be maintained and operational in perpetuity.

*Mode 3, 7kW (32A) single phase, or 22kW (32A) three phase, and for 50kW Mode 4 rapid charging may be required. British Standard BS EN 61851-1:2019 to be used. Further information regarding minimum standards can be found at <https://www.gov.uk/transport/low-emission-and-electric-vehicles>.

Reason. To encourage the uptake of ultra-low emission vehicles and ensure the development is sustainable and to safeguard residential amenity, public health and quality of life with respect to Local Air Quality, in accordance with paragraphs 112e, 117e, 187e and 199 of the National Planning Policy Framework (December 2024)

and Places for Everyone Policy JP-S5 (Clean Air).

- 7 No development shall commence unless and until a 'Construction Traffic Management Plan' (CTMP), has been submitted to and approved by the Local Planning Authority and shall confirm/provide the following:
1. Photographic dilapidation survey of the footways and carriageways abutting the site in the event that subsequent remedial works are required following demolition of the existing dwelling, construction of the development and as a result of any statutory undertakers connections.
 2. Access point for demolition/construction traffic from the adopted highway and all associated temporary works to facilitate vehicular access to the site.
 3. Proposed site hoardings (if proposed) clear of the adopted highway.
 4. Hours of operation and number of vehicle movements.
 5. A scheme of appropriate warning/construction traffic speed signage in the vicinity of the site and its access.
 6. Arrangements for the turning and manoeuvring of vehicles within the curtilage of the site, including any requisite phasing of the development to accommodate this.
 7. Parking on site (or on land under the applicant's control) of operatives' and demolition/construction vehicles together with storage on site of demolition/construction materials, including any requisite phasing of the development to accommodate this.
 8. Measures to ensure that all mud and other loose materials are not spread onto the adjacent adopted highways as a result of the groundworks operations or carried on the wheels and chassis of any vehicles leaving the site and measures to minimise dust nuisance caused by the operations.

The approved plan shall be adhered to throughout the demolition/construction period and the measures shall be retained and facilities used for the intended purpose for the duration of the demolition and construction periods. The areas identified shall not be used for any other purposes other than the turning/parking of vehicles and storage of demolition/construction materials. All highway remedial works identified as a result of the dilapidation survey shall be implemented prior to the development hereby approved being occupied.

Reason. To maintain the integrity of the adopted highway, mitigate the impact of the demolition/construction traffic generated by the proposed development on the adjacent adopted highways, ensure adequate off street car parking provision and materials storage arrangements for the duration of the construction period and ensure that the adopted highways are kept free of deposited material from the ground works operations, in the interests of highway safety pursuant to Development Plan Policies EN1/2 - Townscape and Built Design, H2/2 - The Layout of New Residential Development, JP-C5 - Streets for All and JP-C6 - Walking and Cycling.

- 8 The development hereby approved shall not be first occupied unless and until the access, parking and bin storage arrangements indicated on the approved plans, incorporating the retention/replacement of the front boundary wall/treatment shown and any new areas of hardstanding constructed in a porous/permeable material and/or measures to prevent the discharge of surface water onto the adopted highway, have been implemented in full.
- Reason. To ensure good highway design and maintain the integrity of the adopted highway in the interests of highway safety pursuant to Development Plan Policies EN1/2 - Townscape and Built Design, H2/2 - The Layout of New Residential Development, JP-C5 - Streets for All and JP-C6 - Walking and Cycling.
- 9 The proposed air source heat pump shall comply with MCS Planning Standards, and

the volume of the air source heat pump's outdoor compressor unit (including any housing) shall not exceed 0.6 cubic metres.

Reason. No details have been submitted with the proposed application and to protect the amenity of neighbouring occupiers pursuant to Development Plan Policy EN7/2 - Noise Pollution.

- 10 The dwelling hereby approved shall be built in accordance with the 'accessible and adaptable' standard in Part M4(2) of the Building Regulations.
Reason. To secure the satisfactory development of the site pursuant to Places for Everyone Joint Development Plan Policy JP-H3: Type, Size and Design of New Housing.
- 11 The development hereby permitted shall be constructed as a self-build dwelling within the definition of self-build and custom build housing in the 2015 Act: i.) The first occupation of the unit in the development hereby permitted shall be by a person or persons who had a primary input into the design and layout of the unit and who intends to live in the unit for at least 3 years;
ii.) The Council shall be notified of the persons who intend to take up first occupation of the unit in the development hereby permitted at least two months prior to first occupation.
Reason. The development would on the basis of the details applied for would meet the criteria for an exemption under the Environment Act 2021.
- 12 No works to trees or shrubs shall occur or demolition commence between the 1st March and 31st August in any year unless a detailed bird nest survey by a suitably experienced ecologist has been carried out immediately prior to clearance and written confirmation provided that no active bird nests are present which has been agreed in writing by the Local Planning Authority.
Reason. In order to ensure that no harm is caused to a Protected Species pursuant to policies JP-G8 - A Net Enhancement of Biodiversity and Geodiversity and EN6/3 - Features of Ecological Value of the Development Plan and National Planning Policy Framework Section 15 - Conserving and enhancing the natural environment.
- 13 Any works on the roof tiles and fascia boards are to be carried out by hand in accordance with the recommendations set out within the approved Bat Report including Preliminary Roost Assessment January 2025. paragraph 10.1.
Reason. In order to ensure that no harm is caused to a Protected Species pursuant to policies JP-G8 - A Net Enhancement of Biodiversity and Geodiversity and EN6/3 - Features of Ecological Value of the Development Plan and Section 11 of the National Planning Policy Framework
- 14 The precautionary working methods for mammals proposed within Section 10.6-10.8 of the Bat Report including Preliminary Roost Assessment 2025 shall be implemented prior to the commencement of works on site and adhered to throughout the demolition and construction of the development.
Reason. In order to ensure that no harm is caused to a Protected Species pursuant to policies JP-G8 - A Net Enhancement of Biodiversity and Geodiversity and EN6/3 - Features of Ecological Value of the Development Plan and Section 11 of the National Planning Policy Framework
- 15 Prior to occupation of the dwelling hereby approved the applicant shall install bat and bird boxes and swift bricks.
Reason. To secure the satisfactory development of the site and ensure enhancements and net gains for biodiversity pursuant to policies JP-G8: A Net Enhancement of Biodiversity and Geodiversity and EN6/3 - Features of Ecological

Value of the Development Plan and National Planning Policy Framework Section 15
- Conserving and enhancing the natural environment.

- 16 The drainage for the development hereby approved, shall be carried out in accordance with principles set out in the submitted Surface Water Management Strategy 1105 DR-100 P1 which was prepared by FLO. Prior to occupation of the proposed development, the drainage scheme shall be completed in accordance with the approved details and retained thereafter for the lifetime of the development.
Reason. To ensure a satisfactory form of development and to prevent an undue increase in surface water run-off and to reduce the risk of flooding. To promote sustainable development and reduce flood risk pursuant to Development Plan Policies JP-S4 - Flood Risk and the Water Environment, EN7/3 - Water Pollution and EN7/5 - Waste Water Management and chapter 14 - Meeting the challenge of climate change, flooding and coastal change of the NPPF.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

The following policies of the Bury Unitary Development Plan, National and Regional Government were considered relevant:

- EN1/2 EN1/2 - Townscape and Built Design
- EN6/3 EN6/3 - Features of Ecological Value
- EN7/2 EN7/2 - Noise Pollution
- EN7/5 EN7/5 - Waste Water Management
- EN8/2 EN8/2 - Woodland and Tree Planting
- H1/2 H1/2 - Further Housing Development
- H2/1 H2/1 - The Form of New Residential Development
- H2/2 H2/2 - The Layout of New Residential Development
- HT2/4 HT2/4 - Car Parking and New Development
- JP-H1 Scale of New Housing Development
- JP-H3 Type, Size and Design of New Housing
- JP-H4 Density of New Housing
- JP-G8 A Net Enhancement of Biodiversity and Geodiversity
- JP-P1 Sustainable Places
- JP-C2 Digital Connectivity
- JP-C5 Streets For All
- JP-C6 Walking and Cycling
- JP-S2 Carbon and Energy
- JP-S4 Flood Risk and the Water Environment
- JP-S1 Sustainable Development
- JP-S5 Clean Air
- SPD6 Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
- SPD11 Development Control Policy Guidance Note 11 - Parking Standards in Bury
- NPPF National Planning Policy Framework

This decision relates only to the Town and Country Planning Acts and does not include any consent or approval under any other enactment or under the Building Regulations. Any other consent or approval which is necessary must be obtained from the appropriate authority.

NOTES TO APPLICANT

1. In accordance with S93G of the Town and Country Planning Act 1990 (As amended by Section 111 Levelling Up & Regeneration Act 2023) there is a legal requirement for you to inform the Council of the date when you intend to commence the development on site via submission of a Commencement Notice. This notice is mandatory for all developments and came into effect on 31 March 2024. You can find more information and download a copy of the Commencement Notice under the Before Starting Work section on our website at <https://www.bury.gov.uk/planning-building-control/planning-permission/planning-application-process>
2. ***The local planning authority considers that approval of a BIODIVERSITY GAIN PLAN WILL NOT BE REQUIRED BEFORE DEVELOPMENT COMMENCES***

Biodiversity Net Gain

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority,
and
(b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Bury Council.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These are listed below.

Based on the information available this permission is considered to be one which will not require the approval of a biodiversity gain plan before development is begun because one or more of the statutory exemptions or transitional arrangements in the list below is/are considered to apply.

Statutory exemptions and transitional arrangements in respect of the biodiversity gain condition.

1. The application for planning permission was made before 12 February 2024.
2. The planning permission relates to development to which section 73A of the Town and Country Planning Act 1990 (planning permission for development already carried out) applies.
3. The planning permission was granted on an application made under section 73 of the Town and Country Planning Act 1990 and
 - (i) the original planning permission to which the section 73 planning

permission relates* was granted before 12 February 2024; or

(ii) the application for the original planning permission* to which the section 73 planning permission relates was made before 12 February 2024.

4. The permission which has been granted is for development which is exempt being:

4.1 Development which is not 'major development' (within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015) where:

iv) the application for planning permission was made before 2 April 2024;
v) planning permission is granted which has effect before 2 April 2024; or
vi) planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 where the original permission to which the section 73 permission relates* was exempt by virtue of (i) or (ii).

4.2 Development below the de minimis threshold, meaning development which:

iii) does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and
iv) impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (as defined in the statutory metric).

4.6 Development which is subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015. A "householder application" means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

4.7 Development of a biodiversity gain site, meaning development which is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the Biodiversity Gain Planning condition which applies in relation to another development, (no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee).

4.8 Self and Custom Build Development, meaning development which:
iv) consists of no more than 9 dwellings;
v) is carried out on a site which has an area no larger than 0.5 hectares; and
vi) consists exclusively of dwellings which are self-build or custom housebuilding (as defined in section 1(A1) of the Self-build and Custom Housebuilding Act 2015).

4.5 Development forming part of, or ancillary to, the high speed railway transport network (High Speed 2) comprising connections between all or any of the places or parts of the transport network specified in section 1(2) of the High Speed Rail (Preparation) Act 2013.

* "original planning permission means the permission to which the section 73 planning permission relates" means a planning permission which is the first in a

sequence of two or more planning permissions, where the second and any subsequent planning permissions are section 73 planning permissions.

3. **INFORMATIVE - The Control of Noise Regulations 1975, Section 60. Control of Noise on Construction Sites**

Works carried out in connection with the planning permission shall comply with the above regulations which require the following:

1. All works and ancillary operations which are audible at the boundary of the nearest house or noise receptor, or at such other place as may be agreed with the Council, shall be carried out only between the hours of 0800 and 1800 on Mondays to Fridays and between the hours of 0900 and 1400 on Saturdays and at no time on Sundays and Bank Holidays.

2. The best practicable means, as defined in section 72 of the Control of Pollution Act 1974, to reduce noise to a minimum shall be employed at all times.

3. All plant and machinery in use shall be properly silenced and maintained in accordance with the manufacturer's instructions.

4. Any emergency deviation from the above (1 - 3) shall be notified to Bury Council without delay.

Any contravention of these requirements will trigger the serving of a Notice under Section 60 of The Control of Noise Regulations 1975.

4. The applicant's attention is drawn to the need to consult the Department of Operations regarding the specification for and implementation of any required highway works. The cost of the works will be the responsibility of the developer.

5. The Council currently operates a curtilage system of refuse collection. The applicant is advised to liaise with Waste Management, Bradley Fold Depot on 0161 253 6621/7010, regarding the operation of this system.

6. The applicant's attention is drawn to Section 80 of the Building Act 1984 and the need to give six weeks prior written notice to the Department for Business Growth and Infrastructure detailing any proposed demolition works in connection with the proposed development.

7. Whilst the building to be demolished has been found to be low risk for bats, the applicant is reminded that under the 2019 Regulations it is an offence to disturb, harm or kill bats. If a bat is found during demolition all work should cease immediately and a suitably licensed bat worker employed to assess how best to safeguard the bat(s).

8. The applicant is reminded that, under the Wild Mammal (Protection) Act 1996 it is an offence to inflict unnecessary suffering to wild mammals such as hedgehog. Planning consent does not provide a defence against prosecution under this act.
