

70213 – Lord Raglan, Mount Pleasant, Nangreaves

Planning application for the conversion of existing public house to 5 No. apartments

The resubmission of the application 65428 to convert the former Lord Raglan public house to 5 No. apartments now excludes the proposal for 3 No. terraced dwellings. Whilst the comments on that application regarding the impact of the conversion of the former Lord Raglan public house still abide the change to the vehicular access for parking behind the former Lord Raglan public house was not assessed in the heritage context.

There is currently insufficient information submitted regarding the proposed access and parking to enable the full assessment of the proposals on the setting of the listed former Lord Raglan public house and the character and appearance of the conservation area.
