Reasons

Comments and Observations

The applicant/developer is advised that if any scaffolding, hoarding, access equipment, skips, plant, materials or other structures are required to be placed on, over or within the adopted highway/public pavement in association with the approved development, the appropriate licence(s) must be obtained from the Highway Authority prior to installation. No scaffolding shall be erected on the public highway without the necessary pavement/highway licence and any other relevant permits being granted. The developer is responsible for ensuring that all works comply with the requirements of the Highway Authority (Bury Council, Department for Place - Engineering & Streetscene) and all relevant health and safety legislation
