Subject: RE: Planning App - 70449 - 2024/0046/PLA/01

Hi Claire,

Yes, we would appreciate the CIS you attached to be conditioned for this application and any further applications relating to this site will require a further CIS.

Hope I have understood your question correctly.

Best regards,

Matt Granelli

Thanks Matthew.

When we eventually determine this application, if it is approved, should I secure the Crime Impact Assessment accompanying this application (attached) by condition?

For Hybrid applications there will be 3 sets of conditions:

1. Conditions relating to the Outline aspect of the proposals – which we will request an updated CIS for the residential units proposed, as you request;
2. Conditions relating to the Full application aspect of the proposals; and,
3. Conditions that relate to both parts of the application (Full and Outline parts)

If the attached CIA statement is acceptable in its current form relating to the full aspect of the proposals, we can secure this under the conditions for the full application part of this application. Please let me know what you think.

Thanks in advance and kind regards,

Claire Booth

Good afternoon,

No additional comments regarding to proposed application however when the outline app comes in for a full planning application as each phase to comes forward a CIS is required.

Best regards,
