

Places for Everyone Policies

JP-S2 Carbon and Energy

The application seeks retrospective planning permission for an existing garden pergola and decking that was constructed in 2020. It is an open sided structure constructed with timber. Therefore Policy JP-S3 is not relevant to the proposal.

JP-C2 – Digital Connectivity

The application seeks retrospective planning permission for an existing open sided garden pergola and decking. It is incidental to the existing residential property. There is no scope to provide affordable, high quality, digital infrastructure as part of this application and is therefore not relevant.
