Good afternoon, Mr Dennett

I wanted to reach out to you to acknowledge receipt of your correspondence, although it seems to have been delayed in reaching me as I have only had sight of it today.

I am clear on the request within your email and have asked the technical team to review the information submitted with a view to responding to your request within the next 2 – 3 weeks. I want to provide some context to the timescale for awareness and to manage expectations as we are currently in the midst of inspection by His Majesty's Inspectorate of Constabulary and Fire & Rescue Services, which as a former fire officer yourself, I'm sure you can appreciate how much capacity this requires. Secondly, the individual who originally issued the letter no longer works for the Service, therefore unfortunately we cannot ask the initial regulatory officer the rationale for their decision and a fresh review may take longer to conduct. That said, we will obviously work through your information at the earliest opportunity and come back to you.

I trust this is acceptable and I will provide a response to your query as soon as possible.

Regards,

Carlos Meakin
Deputy Chief Fire Officer
