Proposal: Single storey extension at rear and Dormer extension at rear

Location: 102 Cuckoo Lane, Prestwich, Manchester, M25 2NG

Description

The property is a mid terraced house. It has a small front garden and parking to the front. There is a ginnel between the site and the attached No.100 that provides access to the rear. The site has a patio at the rear of the house and then garden at a raised level and there are conifers screening the rear boundary and gardens to 81 & 83 Polefield Hall Road at the rear. The neighbouring property at No.100 has a single storey lean to at the rear and to the opposite side No.104 is at a higher level with patio doors to the rear elevation and fencing separating.

The application includes a single storey extension at the rear 2.6m deep across the full width. It would form a dining room. To the rear roof slope a flat roofed dormer is proposed to add a bedroom with ensuite.

H2/3 Extensions and Alterations
SPD6 Supplementary Planning Document 6: Alterations & Extensions

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act 2010 and associated Public Sector Equality Duty, where the Council is required to have due

regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual amenity and design - The proposed single storey extension would have a monopitch roof with roof lights and bi fold doors to the rear. Materials would be to match the existing. The dormer would be flat roofed and run across the majority of the rear slope. The walls would be tile hung to match the roof colour. Located to the rear the development would not be visible from the main street view and flat roofed dormers can be constructed under permitted development.

The proposal is considered acceptable and in keeping with the existing property and would not have a detrimental impact on the visual amenity of the area.

Parking - The proposal would increase the number of bedrooms from 2 to 3 and SPD6 requires parking spaces as set out in SPD 11 Parking Standards to be considered. This can then require the proposal to provide a maximum of 2 parking spaces. The site as existing has a parking space at the front which would be unaffected by the proposal. The area has on street parking and there is public transport available. In this instance then the parking arrangements are considered sufficient

Residential amenity - The proposed single storey would project less than 3m from the rear of the adjoining properties at 2.6m deep.

There would be a distance of approximately 10m from the proposed dormer window to the rear boundary which would be sufficient to comply with SPD6 aspect standards.

DELEGATED REPORT

There would then be no serious impact on the amenity of any adjacent neighbouring properties.

The proposal complies with UDP Policy H2/3 and SPD6 - Alterations and Extensions to Residential Properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered ZT22-196-00, ZT22-196-01, ZT22-196-02, ZT22-196-03, ZT22-196-04 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
