This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)\*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

\*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

My main concern with this development was the projection of the side elevation past the fairly uniformed building line with neighbouring properties. However, as I explained to Ms Skorzewski my opinion is that due to the distance between properties to the north and south of the site it might not be too bad and that is what I would say in the report.

After speaking with Tom this morning, we feel you could submit it as it is, and see how it goes, but we feel that with a few tweaks it might be more acceptable.

Width reduction by about 500mm might help.  
If the front elevation is slightly set back and the roof dropped it might also reduce the impact of the building in the streetscene.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

☒ No

### Certificate Of Ownership - Certificate A
