Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Creation of new extension to wrap around and infill an indent onto the current school perimeter located to the rear elevation of school. New extension is to provide a resource provision to the school, for a maximum of 12 pupils with SEMH (Social, Emotion, Metal Health) difficulties as part of a wider Council "Project Safety Valve " inclusion initiative including primary and high schools so that they feel part of the educational system and are not in a separate school site. The units are to be located in different geographical location in the borough and the Chantlers unit is to deal with the Western side of the borough.

Has the work or change of use already started?

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☒ Yes
- ☐ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Walls

Existing materials and finishes:

Brick cavity wall construction with PVCu horizontal white cladding to roof fascia

Proposed materials and finishes:

To provide a contrast the new walls are to be blockwork with a 'K' render coloured finish. Bottom courses to be blue engineering brickwork

Type:

Roof

Existing materials and finishes:

Built -up 3 layer felt system with some roof lights to bring natural light into corridors and inner rooms. Because of technical difficulties from previous re-roofing pitched (6 degree) scheme drainage - the new roof will be slightly higher (but not higher than main hall on site) and only have a slight fall for drainage

Proposed materials and finishes:

To be a insulated built -up 3 layer felt system with some roof lights to bring natural light into corridors and inner rooms

Type:

Windows

Existing materials and finishes:

PVCu ,double glazed with bottom blue plastisol panels.

Proposed materials and finishes:

PVCu ,double glazed (higher u-value) with bottom blue plastisol panels

Type:

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☒ Yes
☐ No

If yes, please provide details of their name, role, and how they are related:
