#### Development

|                                                                                        |                         |                                       |
|----------------------------------------------------------------------------------------|-------------------------|---------------------------------------|
| 14. Select the type of proposed development.<br>If Other provide details at Q.25 below | Residential             | Site area must be less than 10,000 m2 |
| 15. Site area (m <sup>2</sup> )                                                        | 230                     |                                       |
| N/A                                                                                    |                         |                                       |
| 17. Number of dwellings proposed within the development site                           | Between 1 - 9 dwellings |                                       |

#### Designated sites and priority habitats

|                                                                                                         |           |  |
|---------------------------------------------------------------------------------------------------------|-----------|--|
| 18. Any designated sites on or within 500m of the site?                                                 | No        |  |
| 19. Any priority habitats on or within 500m of the site?                                                | No        |  |
| 20. List the designated sites and/or priority habitats                                                  | None      |  |
| 21. Information sources used for assessment of designated sites and priority habitats<br>(See guidance) | MAGIC map |  |

#### European protected species

|                                                    |    |  |
|----------------------------------------------------|----|--|
| 22. Any european protected species present on site | No |  |
|----------------------------------------------------|----|--|

#### Site walkover

|                                                         |                                           |                                         |
|---------------------------------------------------------|-------------------------------------------|-----------------------------------------|
| 23. Site walkover completed?                            | Walkover completed by qualified ecologist |                                         |
| 24. Date of site walkover - DD/MM/YY                    | 11/06/2025                                | Site walkover data valid until 11/12/25 |
| 25. Who completed the walkover?<br>(Name and job title) | Peter Black, Environmental Consultant     |                                         |

## Habitat Type

Arable field margins cultivated annually

Arable field margins game bird mix

Arable field margins pollen and nectar

Arable field margins tussocky

Cereal crops

Winter stubble

Horticulture

Intensive orchards

Non-cereal crops

Temporary grass and clover leys

Bracken

Modified grassland

Other lowland acid grassland

Other neutral grassland

Upland acid grassland

Blackthorn scrub

Bramble scrub

Gorse scrub

Hawthorn scrub

Hazel scrub

Mixed scrub

Rhododendron scrub

Other sea buckthorn scrub

Willow scrub

Ornamental lake or pond

Ponds (non-priority habitat)

Reservoirs

Ruderal/Ephemeral

Other inland rock and scree

Tall forbs

Allotments

|                                                                                   |
|-----------------------------------------------------------------------------------|
| Artificial unvegetated, unsealed surface                                          |
| Bioswale                                                                          |
| Biodiverse green roof                                                             |
| Built linear features                                                             |

| Initial statutory version                                                                                                                                                                                                                                                                                                        | 29th November 2023 |
| Updated to correct some labelling errors, minor formula errors and expand column widths                                                                                                                                                                                                                                          | 12th February 2024 |
| Fixed some discrepancies in difficulty of creation and enhancement for 3 habitat types                                                                                                                                                                                                                                           | 5th March 2024     |
| Unlocked Strategic Significance selection box for individual trees. Locked additional cells. Added version history. European protected species added to desktop assessment tab. Setting a unit target with a zero unit baseline is now optional for each module. The options for planning application type have been restricted. | 23rd July 2024     |
| Fix made to error specific to Version 1.2.1 relating to area checker on Area Habitats tab.                                                                                                                                                                                                                                       | 24th July 2024     |
| Difficulty of creation for actively worked sand pit quarry or open cast mine changed to medium for consistency with the main metric, 'habitat units' corrected to 'area habitat units' where appropriate.                                                                                                                        | 3rd July 2025      |
