

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

05/08/2025

1.2 Planning application reference number

71027

1.3 Local planning authority (LPA)

Bury Council

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

Land south of Pimhole Business Park (adj River Roch),
Alfred Street, Bury

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

Construction of a new outfall headwall to the River Roch, incorporating access footpath, access steps and safety handrails.

2. Developer details

2.1 Applicant name

United Utilities Plc

2.2 Company name

United Utilities Plc

2.3 Address

United Utilities Group PLC Haweswater House, Lingley Mere Business Park, Lingley Green Avenue, Great Sankey, Warrington WA5 3LP

2.4 Email address

REDACTED

2.5 Telephone number

REDACTED

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

J. Shaw

2.8 Date

27/11/2024

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Jennifer Shaw

3.2 Company name

United Utilities Plc

3.3 Address

United Utilities Group PLC Haweswater House, Lingley Mere Business Park, Lingley Green Avenue, Great Sankey, Warrington WA5 3LP

3.4 Email address

REDACTED

3.5 Telephone number

REDACTED

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

J.Shaw

3.8 Date

27/11/2024

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

- ☒ Yes
☐ No

4.2 If no, what earlier date did you agree with the LPA?

4.3 How have you met the guidance on 'what counts towards your BNG'?

[Find out what you can count towards a development's BNG](#)

The proposed works do not meet the exemption criteria and therefore BNG is applicable to the project. No irreplaceable habitats occur within the site area.

Biodiversity Net Gain calculations were completed using the Statutory DEFRA Metric 4.0. The Biodiversity Metric calculation spreadsheet was populated based on the extent and characteristics of the habitats recorded during the UK Habitat survey.

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you've taken on site, including to avoid or minimise the impact on irreplaceable habitats.

Through the design process the mitigation hierarchy has been followed to avoid and minimise the impact as much as possible. Due to the location of the existing network no further reduction in avoiding or minimizing impact on habitats is possible to facilitate the new outfall.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

- ☒ Yes
☐ No

4.6 How will you achieve the target net gain percentage?

- ☐ On-site
- ☒ Off-site
- ☐ Both

4.7 Are any of your on-site enhancements considered 'significant'?

[Find out what counts as a significant on-site enhancement.](#)

- ☐ Yes
- ☒ No

4.8 If yes, tell us about the significant on-site enhancements

Include the appropriate planning condition or how you've secured the habitat.

n/a

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

0.1 watercourse units are required to achieve 10% net gain.

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

United Utilities are proposing to purchase the required 0.1 biodiversity units from the closest registered habitat bank. The proposed works are situated on 3rd party land that will be reinstated to its original condition and returned to the landowner. Therefore, it would not be appropriate to manage this site for biodiversity over a 30year period.

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

n/a

4.12 Do you have a habitat management and monitoring plan?

- ☒ Yes
- ☐ No

4.13 Have you used the statutory biodiversity metric tool?

- ☒ Yes
- ☐ No

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name.

B-BURY2402-MST-V01

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

River Condition and Encroachment Reporting Sheet
(No condition assessment required for Introduced Shrub)

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

80062003-02-EMG-092LR-99-RP-04-00002 Ecological
Assessment Report
(Submitted as part of planning application)

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

80062003-02-EMG-092LR-99-DR-04-00002 Landscape Proposals Plan
(Submitted as part of planning application)

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

- ☐ Yes
☒ No

Consenting body

n/a

Reference number

n/a

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

- ☐ Yes
☒ No

5.2 Have you submitted an approved compensation plan?

- ☐ Yes
☒ No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

Area habitat biodiversity units % change

Hedgerow biodiversity units

Hedgerow biodiversity units % change

Watercourse biodiversity units

Watercourse biodiversity units % change

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

- ☐ Yes
☐ No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

All impacts will be compensated for off-site.

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Purchasing off-site biodiversity units from EBL HB Limited

7.2 Biodiversity gain site register reference number

BGS-111024001

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

A conservation covenant via RSK Biocensus Ltd

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

0.11

7.5 Total biodiversity value post-intervention

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

0.22

7.6 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

Area habitat biodiversity units % change

Hedgerow biodiversity units

Hedgerow biodiversity units % change

Watercourse biodiversity units

0.11

Watercourse biodiversity units % change

10%

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

☐ Yes

☒ No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.

A1

A2

A3

A4

A5

H

W

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the [statutory biodiversity metric user guide](#).

Very high

n/a
