PART 1 - Particulars of Application

Application Number: 71476

Date of Registration: 23/12/2024

Proposal:

Advertisement consent for 2 no. digital 75
inch LCD display screens either side of 1 no.
BT street hub unit

Location:

Pavement adj 48 Bury New Road, Prestwich,
Manchester, M25 0JU

PART 2 - Particulars of Decision

The Bury Metropolitan Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that permission has been **REFUSED** for the carrying out of the development referred to in Part 1 hereof for the following reasons:-

- 1 The proposal would result in an unnecessary and unacceptable obstruction of the existing adopted highway on the A56 (Bury New Road) and the creation of additional street clutter for an installation that primarily consists of an advertisement screen, which would be detrimental to pedestrian safety, maintaining existing pedestrian desire lines on the adopted highway on Bury New Road and contrary to the active travel aspirations of the Council. The proposed development therefore conflicts with the following policies of the Development Plan: EN1/9 - Advertisements, EN1/4 - Street Furniture, EN1/2 Townscape and Built Design, JP-P1 Sustainable Places, JP-C5 Streets for All, JP - C6 - Walking and Cycling and the National Planning Policy Framework.
- 2 The proposal would reduce the available width of the existing adopted footway on the A56 (Bury New Road) to substandard levels, which would be detrimental to pedestrian safety and maintaining existing pedestrian desire lines on the adopted highway on Bury New Road. The proposed development would therefore conflict with the following policies of the Development Plan: EN1/9 - Advertisements, EN1/4 - Street Furniture, EN1/2 Townscape and Built Design, JP-P1 Sustainable Places, JP-C5 Streets for All, JP - C6 - Walking and Cycling and the National Planning Policy Framework.
- 3 The proposed installation would restrict visibility of the signals to the south of the site at the A56 Bury New Road/Kings Road/George Street junction and would pose a

distraction to drivers approaching the signalised junction from the north, to the detriment of highway safety and maintaining the free flow of traffic on the adjacent classified road. The proposed development therefore conflicts with the following policies of the Development Plan: EN1/9 - Advertisements, EN1/4 - Street Furniture, EN1/2 Townscape and Built Design, JP-P1 Sustainable Places, JP-C5 Streets for All, JP - C6 - Walking and Cycling and the National Planning Policy Framework.

- 4 The application and submitted plans contain insufficient information to properly assess the impact the proposed LCD display screens will have on driver distraction for passing motorists on the A56 and on the approach to the adjacent signalised junction, to the detriment of highway safety. The proposed development therefore conflicts with the following policies of the Development Plan: EN1/9 - Advertisements, EN1/4 - Street Furniture, EN1/2 Townscape and Built Design, JP-P1 Sustainable Places, JP-C5 Streets for All, JP - C6 - Walking and Cycling and the National Planning Policy Framework.
- 5 The proposal would restrict visibility to sub-standard levels to the right at the junction of Kings Road with Bury New Road in the event of an 'all red'/signal failure, which would be detrimental to highway safety and maintaining the free flow of traffic on the adjacent classified road. The proposed development therefore conflicts with the following policies of the Development Plan: EN1/9 - Advertisements, EN1/4 - Street Furniture, EN1/2 Townscape and Built Design, JP-P1 Sustainable Places, JP-C5 Streets for All, JP - C6 - Walking and Cycling and the National Planning Policy Framework.
- 6 The proposed advertisements, by virtue of their illumination, size and siting would appear as an incongruous addition to the street scene which would be severely detrimental to both the appearance of the streetscene and to the general visual amenities of the area contrary to Development Plan Policies EN1/9 - Advertisements, EN1/2 - Townscape and Built Design, EN1/4 - Street Furniture, JP-P1 Sustainable Places and the National Planning Policy Framework.

The following policies of the Bury Unitary Development Plan, National and Regional Government were considered relevant:

S1/3	S1/3 - Shopping in District Centres
EN1/2	EN1/2 - Townscape and Built Design
EN1/9	EN1/9 - Advertisements
EN1/4	EN1/4 - Street Furniture
HT2/1	HT2/1 - The Strategic Route Network
JP-C5	Streets For All
JP-C6	Walking and Cycling
JP-C8	Transport Requirements of New Development
JP-P1	Sustainable Places
NPPF	National Planning Policy Framework

This decision relates only to the Town and Country Planning Acts and does not include any consent or approval under any other enactment or under the Building Regulations. Any other consent or approval which is necessary must be obtained from the appropriate authority.

NOTES TO APPLICANT

- . It is brought to the attention of the applicant that the proposal affects existing adopted highway and that the necessary permit for the placement of such equipment on the adopted highway is highly likely to be refused by the Highway Authority.
