Proposal: Part single/Part two storey extension at side; Single storey extension at rear

Location: 353 Ainsworth Road, Bury, BL8 2LU

Description

The property is a semi detached house. It has a garden and drive to the front and car port at the side. To the rear is a fenced garden and the garden to the property to the rear is screened by planting. The adjoining semi is No.351 and has patio doors to the party wall side then is extended single storey. To the opposite side No.355 is a detached house, slightly higher, and extended single storey at the rear.

The application proposes extending out at the side single storey for 2.2m. This would run along the side where a first floor would also be added 2.4m along the side from the level of the existing rear elevation. To the rear a single storey 2.92m deep would extend across the existing and extended rear elevation. The extension would form an external store, utility, and extended kitchen and dining room at ground floor with an extended bedroom at first floor.

Issues and Analysis

The following report includes analysis of the merits of the application against the relevant policies of both the National Planning Policy Framework (NPPF) and the adopted Bury Unitary Development Plan (UDP) together with other relevant material planning considerations. The policies of the UDP that have been used to assess this application are considered to be in accordance with the NPPF and as such are material planning considerations. For simplicity, just the UDP Policy will be referred to in the report, unless there is a particular matter to highlight arising from the NPPF where it would otherwise be specifically mentioned.

Equality Act 2010: All planning applications are considered in light of the Equality Act

2010 and associated Public Sector Equality Duty, where the Council is required to have due regard for:

The elimination of discrimination, harassment and victimisation;

The advancement of equality of opportunity between persons who share a relevant protected characteristic and person who do not share it;

The fostering of good relations between persons who share a relevant protected characteristic and person who do not share it; which applies to people from the protected equality groups.

Human Rights: All planning applications are considered against the provisions of the Human Rights Act 1998.

Under Article 6 the applicants (and those third parties who have made representations) have the right to a fair hearing and to this end full consideration will be given to their comments.

Article 8 and Protocol 1 of the First Article confer a right to respect private and family life and a right to the protection of property, ie peaceful enjoyment of one's possessions which could include a person's home, and other land and business assets.

In taking account of the Council policy as set out in the Bury Unitary Development Plan 1997 and all material planning considerations, it is concluded on balance that the rights conferred upon the applicant/ objectors/ residents/ other interested party by Article 8 and Article 1 of the First Protocol may be interfered with, since such interference is in accordance with the law and is justified in the public interest. Any restriction of these rights posed by refusal/ approval of the application is legitimate since it is proportionate to the wider benefits of such a decision, is based upon the merits of the proposal, and falls within the margin of discretion afforded to the Council under the Town & Country Planning Acts.

The Crime and Disorder Act 1998 imposes (without prejudice to any other obligation imposed on it) a duty upon the Council to exercise its functions and have due regard to the likely effect of the exercise of its functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area. In so doing and on making planning decisions under the Town and Country Planning Acts, the material Planning considerations shall have due regard to the provisions of the Crime and Disorder Act 1998 and its implications in the exercise of its functions.

Visual amenity and design - The proposed extension would have a pitched roof set below the main ridge with a monopitch to the front at ground floor. Both the ground and first floor would be set back, the first floor by 4.8m, therefore terracing would not be an issue. To the rear the single storey would be a monopitch with roof lights and bi fold doors. Materials would be brick and roof tiles to match the existing.

The proposal is considered acceptable and in keeping with the existing property and would not have a detrimental impact on the visual amenity of the area.

Parking - The proposal would not increase the number of bedrooms therefore SPD 11 Parking Standards need not be considered. The proposal would be built on part of the area of the car port however a drive of approximately 11.5m would remain. The parking arrangements would then be sufficient.

Residential amenity - In relation to the adjoining No.351 the proposal would be single storey and project less than 3m from the rear elevation of this property. To the opposite side the proposed single storey/two storey side extension would run along the blank two storey side gable wall to No.355. This neighbouring property is extended single storey at the rear and the proposed single storey would extend to be around level and with the side wall blank.

There would be a distance well in excess of 7m from the proposed first floor bedroom

window to the rear boundary at approximately 19.8m.

There would then be no serious impact on the amenity of any adjacent neighbouring properties.

The proposal complies with UDP Policy H2/3 and SPD6 - Alterations and Extensions to Residential Properties.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively and positively to issue the decision without delay. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

Recommendation: Approve with Conditions

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered ZT22-196-00, ZT22-196-01, ZT22-196-02, ZT22-196-03, ZT22-196-04 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan listed.
