Can you also amend the site plan to show the dropped kerb?

Tom

Hello Tomas,

I hope you are well.

Please find the amended plans attached. I have included 1800mm privacy screen on both sides of the balcony. Also, please could you amend the application description to include a dropped kerb as part of the application.

I appreciate your guidance throughout the application process.

Kind Regards,

M Hamza

Mr hamza,

Probably to reduce the overlooking of the other neighbour at 151, the other side of the balcony should be treated on the same way....

Look fwd to revised plans

Tom

Mr Hamza,

I have visited the site and would request that you add an obscure screen to the side of the balcony to a height of 1.7m to reduce immediate overlooking of the attached neighbour at No.155.

I would be pleased to receive a revised plan to indicate this within the next 7 days.

Regards

Tom
