Description of Proposed Works

Please describe the proposed works

We hope to install an acoustic fence with a height of 2.5m to the front of our property to replace a 2m fence that is currently in situ.
The fence backs onto an un-adopted pathway.

Acoustic Fencing of 2.5m is required in order to block out noise from B&Q yard which backs onto the other side of the un-adopted pathway.
There is an acoustic fence on the side of B&Q which was part of their original planning permission to intall which is NO LONGER FIT FOR PURPOSE.
They are proposing to replace the fence but nothing has happened as yet.

The only solution is for us to install & pay for acoustic fencing as the noise was having an extremely detrimental on my home life and mental health. I will not be able to go through it again when the hot weather starts and people go shopping at B&Q.
