Title: Photoviewpoint 1b

A wide-angle photograph of a green field, likely a sports field, with a line of trees in the background. The sky is overcast and grey. A blue double-headed arrow at the top of the image indicates the 'Approximate extent of Assessment Boundary'. On the left side of the field, a white goalpost is visible. The trees in the background have some autumn-colored foliage.

When printed, cylindrical images need to be curved around the viewer to represent real-world viewing angles. Alternatively they could be viewed flat by moving the head to maintain a constant viewing distance across the panorama. (Ref: LI TGN 06/19)
