Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Details of the pre-application advice received

Background

The proposal is to add another story to the existing bungalow, extend the basement and to extensively modernise the existing property. You state that any future application would constitute a householder development. However, it could be the case that the Local Planning Authority consider the proposal to be a replacement dwelling (given the extent of alteration and the retention of the original). It is therefore suggested that any future proposal on the basis of the current submission is a full application.

Planning Policies

In the consideration of the proposals, the following Bury Unitary Development Plan (UDP) policies are relevant to the scheme and would be taken into consideration should any application be formally submitted:

H2/3 Extensions and Alterations

EN1/2 Townscape and Built Design

SPD6 Alterations and Extensions

SPD11 Parking Standards in Bury

National Planning Policy Framework (NPPF)

Design

It has previously been indicated to you that it is considered that the design would be considered acceptable. Planning application 66802 for the extension and conversion of the existing dwelling to create 5 apartments (4 additional dwellings) was approved on 06/10/2021. This proposal was for apartments in a contemporary 3 storey block. It is considered that the current proposal would represent a design of greater depth and interest.

At this stage, materials are unknown. It would be appropriate to utilise high quality materials of an appropriate texture and colour in any future proposal.

Amenity

The proposal would add an additional storey to the existing dwelling and infill part of the rear. Narrow slit windows would pertain to the side elevations to boundaries and they serve non-habitable rooms. The positioning, height and fenestration would be unlikely to adversely impact upon neighbouring amenity. However, the rear balcony area could potentially impact upon neighbouring amenity to the west. Effective mitigation would be necessary to prevent overlooking and loss of privacy.

Highways

The Highway Officer comments have been forwarded to previously. However, for completeness, they are repeated here:

We would need to see a more detailed proposed site layout plan that the one submitted:

before being able to comment much more than just confirming that the principle of the proposal is acceptable, subject to as many of the elements of the access arrangements detailed and conditioned previously being incorporated in any future submission (especially due to the loss of the parking/turning facilities at the lower level):

Whilst planning application 66802 was a significantly different scheme, it would probably be worthwhile noting the Highway Officer comments in relation to that scheme for guidance.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☒ Yes
- ☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
- ☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
