

Planning Consultation Response

Initial Planning Application

Environment Section – Air Quality

Application Reference:	72226		
Site:	106 Nelson Street, Bury, BL9 9HX		
Proposed Development:	Reinstatement of end-terraced house at no. 106 Nelson Street following collapse after gas explosion		
To:	Helen Leach	From:	Rebecca Jones
Our Reference:	CL1120.251125.AQ1	Date:	25 November 2025

Recommendations
The site is not located within an Air Quality Management Area. Due to the scale of the development, it is considered unlikely that the development would create an increase of more than 500 AADT (annual average daily traffic). Therefore, in line with the Planning Practice Guidance-Air Quality and EPUK Guidance, an air quality assessment will not be required. The development does not include any off-street parking. Therefore, electric vehicle charge points are not required.
