

NOTICE OF PLANNING PERMISSION

Town and Country Planning Act 1990 Town and Country Planning (Development Management Procedure) (England) Order 2015

To:

Mr RAMA
Archirama Ltd
3 Parkgate Avenue
Withington
Manchester
M20 3BZ

On Behalf Of:

Mr Kohli
54 Ringley Road
Whitefield
Bury
M45 7LL

PART 1 - Particulars of Application

Application Number: 71291

Date of Registration: 26/11/2024

Proposal:

Demolition of existing dwelling and erection of replacement dwelling with detached garage

Location:

54 Ringley Road, Whitefield, Manchester, M45 7LL

PART 2 - Particulars of Decision

Bury Metropolitan Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that permission has been **GRANTED** for the carrying out of the development referred to in Part 1 hereof in accordance with the application and plans submitted subject to the following conditions:-

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason. Required to be imposed by Section 91 Town & Country Planning Act 1990.
- 2 This decision relates to drawings numbered Location plan, PL01, PL02 B, PL03 A, PL04 A, PL05, PL06 and the development shall not be carried out except in accordance with the drawings hereby approved.
Reason. For the avoidance of doubt and to ensure a satisfactory standard of design pursuant to the policies of the Bury Unitary Development Plan and Places for Everyone Joint Development Plan listed.
- 3 Details/Samples of the (materials/bricks) to be used in the external elevations, together with details of their manufacturer, type/colour and size, shall be submitted to and approved in writing by the Local Planning Authority before the development is commenced. Only the approved materials/bricks shall be used for the construction of the development.
Reason. No material samples have been submitted and are required in the interests of visual amenity and to ensure a satisfactory development pursuant to UDP Policy EN1/2 - Townscape and Built Design.
- 4 The development hereby approved within any approved phase shall not be brought

into use until written confirmation is provided to the Local Planning Authority that unexpected or previously unidentified contamination was not encountered during the course of development works.

If, during development, unexpected contamination is found to be present on the site, no further works shall be carried out at the affected location until the following are submitted to the Local Planning Authority for approval:

- I. Risk Assessment (GQRA or DQRA);
- II. Remediation Strategy & Verification Plan;

If remediation is required, it shall be carried out in accordance with the approved Remediation Strategy. Upon completion of remediation works, a Verification Report shall be submitted for approval. The Verification Report must include information validating all remediation works carried out; details of imported materials (source/quantity/suitability); details of exported materials; and details of any unexpected contamination.

Reason. To prevent unacceptable risk to Human Health and Controlled Waters and to prevent pollution of the environment in accordance with the aims and Paragraphs 187(f), 196 and 197 of the National Planning Policy Framework (December 2024).

- 5 Any soil or soil forming materials to be brought to site for use in garden areas, soft landscaping, filling and level raising shall be tested for contamination and suitability for use.

Proposals for contamination testing including testing schedules, sampling frequencies and allowable contaminant concentrations (as determined by appropriate risk assessment) and source material information shall be submitted to the Local Planning Authority for approval prior to any soil or soil forming materials being brought onto site.

The approved contamination testing shall then be carried out and validity evidence (soil descriptions, laboratory certificates, photographs etc.) submitted to Local Planning Authority for approval prior to the development being brought into use.

Reason. To prevent unacceptable risk to Human Health and Controlled Waters and to prevent pollution of the environment in accordance with the aims and Paragraphs 187(f), 196 and 197 of the National Planning Policy Framework (December 2024).

- 6 Prior to occupation the applicant shall provide and connect one electric vehicle (EV) charging point (minimum 7kW*) per unit (dwelling with dedicated parking).

*Mode 3, 7kW (32A) single phase, or 22kW (32A) three phase, and for 50kW Mode 4 rapid charging may be required. British Standard BS EN 61851-1:2019 to be used.

Further information regarding minimum standards can be found at <https://www.gov.uk/transport/low-emission-and-electric-vehicles>.

Reason. In accordance with the NPPF, to encourage the uptake of ultra-low emission vehicles and ensure the development is sustainable. To safeguard residential amenity, public health and quality of life pursuant to Policy JP-S5 - Clean Air of the Places for Everyone Joint Development Plan.

- 7 No works to trees or shrubs shall occur between the 1st March and 31st August in any year unless a detailed bird nest survey by a suitably experienced ecologist has been carried out immediately prior to clearance.

Reason. In order to ensure that no harm is caused to a Protected Species pursuant to policies EN6 - Conservation of the Natural Environment and EN6/3 - Features of Ecological Value of the Bury Unitary Development Plan and National Planning Policy Framework Section 15 - Conserving and enhancing the natural environment.

- 8 The dwelling hereby approved shall be built in accordance with the 'accessible and adaptable' standard in Part M4(2) of the Building Regulations.
Reason. To secure the satisfactory development of the site pursuant to Places for Everyone Joint Development Plan Policy JP-H3: Type, Size and Design of New Housing.
- 9 No development shall commence unless and until surface water drainage proposals have been submitted to and approved in writing by the Local Planning Authority. The scheme should be in accordance with the submitted Surface Water Sustainable Drainage Assessment and must be based on the hierarchy of drainage options in the National Planning Practice Guidance and be designed in accordance with the Non-Statutory Technical Standards for Sustainable Drainage Systems (March 2015). This must include assessment of potential SuDS options for surface water drainage with appropriate calculations and test results to support the chosen solution. Details of proposed maintenance arrangements should also be provided. The approved scheme only shall be implemented prior to first occupation and thereafter maintained.
Reason. The current application contains insufficient information regarding the proposed drainage scheme to fully assess the impact. To promote sustainable development and reduce flood risk pursuant to Unitary Development Plan Policies EN5/1- New Development and Flood Risk , EN7/3 - Water Pollution and EN7/5 - Waste Water Management and chapter 14 - Meeting the challenge of climate change, flooding and coastal change of the NPPF.
- 10 No development shall commence unless and until a 'Construction Traffic Management Plan' (CTMP), has been submitted to and approved by the Local Planning Authority and shall confirm/provide the following:
1. Photographic dilapidation survey of the footways and carriageways abutting the site in the event that subsequent remedial works are required following demolition of the existing dwelling, construction of the development and as a result of any statutory undertakers connections.
 2. Access point for demolition/construction traffic from the adopted highway and all associated temporary works to facilitate vehicular access to the site.
 3. Proposed site hoardings (if proposed) clear of the adopted highway.
 4. Hours of operation and number of vehicle movements.
 5. A scheme of appropriate warning/construction traffic speed signage in the vicinity of the site and its access.
 6. Arrangements for the turning and manoeuvring of vehicles within the curtilage of the site, including any requisite phasing of the development to accommodate this.
 7. Parking on site (or on land under the applicant's control) of operatives' and demolition/construction vehicles together with storage on site of demolition/construction materials, including any requisite phasing of the development to accommodate this.
 8. Measures to ensure that all mud and other loose materials are not spread onto the adjacent adopted highways as a result of the groundworks operations or carried on the wheels and chassis of any vehicles leaving the site and measures to minimise dust nuisance caused by the operations.

The approved 'Plan' shall be adhered to throughout the demolition and construction periods and the measures shall be retained and facilities used for the intended purpose for the duration of both periods. The areas identified shall not be used for any other purpose other than the parking of vehicles and storage of construction materials. All highway remedial works identified as a result of the dilapidation survey shall be implemented to the satisfaction of the Local Planning Authority prior to the development hereby approved being occupied.

Reason. Information not submitted at application stage. To mitigate the impact of the construction traffic generated by the proposed development on the adjacent residential streets, and ensure adequate off street car parking provision and materials storage arrangements for the duration of the construction period and that the adopted highways are kept free of deposited material from the ground works operations, in the interests of highway safety pursuant to Bury Unitary Development Plan Policies EN1/2 - Townscape and Built Design and HT6/2 - Pedestrian/Vehicular Conflict.

- 11 The development hereby approved shall not be first occupied unless and until the access, parking and bin storage arrangements indicated on approved plan reference PL02 Revision A, incorporating the provision of an electrically operated inward opening vehicular gate, segregated inward opening pedestrian gate and new hardstanding in a porous/permeable/SUDS compliant material and/or measures to prevent the discharge of surface water onto the adopted highway, have been implemented in full to a scope and specification to be agreed with the Highway Authority and to the satisfaction of the Local Planning Authority.

Reason. To ensure good highway design and maintain the integrity of the adopted highway in the interests of highway safety.

- 12 The turning facilities indicated on approved plan reference PL02 Revision A shall be provided before the development hereby approved is first occupied and shall subsequently be maintained free of obstruction at all times.

Reason. To minimise the standing and turning movements of vehicles on the highway in the interests of road safety.

- 13 The car parking indicated on approved plan reference PL02 Revision A shall be made available for use to the written satisfaction of the Local Planning Authority prior to the development hereby approved being first occupied and thereafter maintained available for use at all times.

Reason. To ensure adequate off street car parking provision in the interests of road safety pursuant to Policy HT2/4 - Car Parking and New Development of the Bury Unitary Development Plan.

- 14 The residential unit ('unit') in the development hereby permitted shall be constructed as a self-build dwelling within the definition of self-build and custom build housing in the 2015 Act:

(i) The first occupation of the unit in the development hereby permitted shall be by a person or persons who had a primary input into the design and layout of the unit and who intends to live in the unit for at least 3 years;

(ii) The Council shall be notified of the persons who intend to take up first occupation of the unit in the development hereby permitted at least two months prior to first occupation.

Reason . The scheme as submitted and subsequently determined, is specifically based upon the scheme being a Small Scale Self-Build and Custom Housebuilding scheme, which benefits from The Biodiversity Gain Requirements (Exemptions) Regulations 2024 to otherwise provide for Biodiversity Net Gain.

- 15 The privacy screens indicated on the approved plans and layout plan PL03 rev A, shall be implemented and be positioned in place prior to the dwelling hereby approved becoming occupied. The privacy screens shall remain in situ following occupation whilst they serve the development.

Reason - In order to maintain amenity and privacy between the host dwelling and its immediately adjoining dwelling pursuant to Places for Everyone Joint Development Plan Policy JP-H3: Type, Size and Design of New Housing and UDP Policy H2/1 - The Form of New Residential Development.

Statement in accordance with Article 35(2) Town and Country Planning (Development Management Procedure) (England) (Amendment) Order 2015

The Local Planning Authority worked positively and proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the National Planning Policy Framework.

The following policies of the Bury Unitary Development Plan, National and Regional Government were considered relevant:

H1/2	H1/2 - Further Housing Development
H2/1	H2/1 - The Form of New Residential Development
H2/2	H2/2 - The Layout of New Residential Development
EN1/2	EN1/2 - Townscape and Built Design
EN6/3	EN6/3 - Features of Ecological Value
HT2/4	HT2/4 - Car Parking and New Development
SPD6	Supplementary Planning Document 6 - Alterations and Extensions to Residential Properties.
SPD11	Development Control Policy Guidance Note 11 - Parking Standards in Bury
JP-S2	Carbon and Energy
JP-S4	Flood Risk and the Water Environment
JP-S5	Clean Air
JP-H3	Type, Size and Design of New Housing
JP-H4	Density of New Housing
JP-G7	Trees and Woodland
JP-G8	A Net Enhancement of Biodiversity and Geodiversity
JP-P1	Sustainable Places
JP-C2	Digital Connectivity
JP-C5	Streets For All
JP-C6	Walking and Cycling
JP-C8	Transport Requirements of New Development
NPPF	National Planning Policy Framework

This decision relates only to the Town and Country Planning Acts and does not include any consent or approval under any other enactment or under the Building Regulations. Any other consent or approval which is necessary must be obtained from the appropriate authority.

NOTES TO APPLICANT

2. Protected species can turn up in unexpected places and the granting of planning permission does not negate the need to abide by the laws which are in place to safeguard biodiversity. An informative should be used so that the applicant is aware

that they must seek ecological advice should they find or suspect that the proposals will impact on protected species.

3. Planning policy encourages enhancements and net gains for biodiversity to be delivered through the planning system. Wherever possible measures to enhance the site for biodiversity should be secured as part of this planning application and could include integration of a bat and bird box onto the new building.
1. In accordance with S93G of the Town and Country Planning Act 1990 (As amended by Section 111 Levelling Up & Regeneration Act 2023) there is a legal requirement for you to inform the Council of the date when you intend to commence the development on site via submission of a Commencement Notice. This notice is mandatory for all developments and came into effect on 31 March 2024. You can find more information and download a copy of the Commencement Notice under the Before Starting Work section on our website at <https://www.bury.gov.uk/planning-building-control/planning-permission/planning-application-process>
4. It is the applicant's responsibility to investigate the existence of any pipelines that might cross or impact their proposed site and also to demonstrate the exact relationship between United Utilities' assets and the proposed development.

We recommend the applicant visits our website for further information on how to investigate the existence of water and wastewater pipelines and what to do next if a pipeline crosses or is close to their red line boundary: Working near our pipes - United Utilities

United Utilities will not allow building over or in close proximity to a water main.

United Utilities will not allow a new building to be erected over or in close proximity to a public sewer or any other wastewater pipeline. Nb. Proposals to extend domestic properties either above, or in close proximity to a public sewer will be reviewed on a case by case basis by either by a building control professional or following a direct application to United Utilities.

Any construction activities in the vicinity of United Utilities' pipelines, including pipelines that may be outside the applicant's red line boundary, must comply with national building and construction standards and where applicable, our 'Standard Conditions for Works Adjacent to Pipelines' which can also be found on our website: [standard-conditions-for-works-adjacent-to-pipelines-issued-july-2015.pdf](#) (unitedutilities.com)

The level of cover to United Utilities pipelines and apparatus must not be compromised either during or after construction and there should be no additional load bearing capacity on pipelines without prior agreement from United Utilities. The applicant should not rely solely on the detail contained within asset maps when considering a proposed layout. Unless there is specific provision within the title of the property or an associated easement, any necessary disconnection or diversion of assets to accommodate development, will be at the applicant/developer's expense.

Where United Utilities' assets exist, it is essential that the applicant, or any subsequent developer, contacts our Developer Services team prior to commencing any works on site, including trial holes, groundworks or demolition.
