- GENERAL NOTES:**
- This drawing to be read in conjunction with all other drawings and documentation relating to this project.
 - Figured dimensions take preference over scaled dimensions
 - The Engineer is to be notified immediately of any discrepancies between the information shown and that found on site.
 - All dimensions are to be verified on site by the contractor prior to ordering materials and starting work.
 - Workmanship and material are to comply with current building regulations, British Standards, and codes of practice (relevant to the construction industry) and good building practice.
 - The contractor is entirely responsible for the method of construction and the stability of the structure and that of any adjacent structures or services that are within influencing distance of the works being carried out.
 - All proprietary items to be fixed in accordance with manufacturers instructions and specifications.
 - All works to be carried out to approved risk assessments and method statements.
