

68445 | Installation of 1no. new BT Street Hub, incorporating 75" LCD advert screens plus the removal of associated BT Kiosks. PAVEMENT BETWEEN RACCONTO LOUNGE AND FONE TECH, BL9 OPJ

We recommend that consideration is to be given to the potential of the unit attracting or increasing incidents of anti-social behaviour and loitering in these high footfall areas. A strategy to disable the units if required in extreme circumstances (e.g. previous examples may include the Manchester riots and some incidents of extreme anti-social behaviour) should also be considered.

We would also comment that the security of the proposed unit is are carefully considered. The proposed unit should be constructed to a robust and adequate standard and should also be securely fixed and vandal-resistant.

In summary, the application is supported subject to further consideration of the above matters.
